Transaction limit settings

Transfer & payment daily transaction limit settings

You can adjust the daily limits for the following transaction types **with immediate effect.**

For security reasons, to increase transaction limits, you are required to use i-Token for authentication. Please be reminded that you will be exposed to additional risks after increasing transaction limits. You are advised to review your limits regularly and to make necessary adjustments to suit your financial needs.

Conducting following types of transaction might subject to service charge. Please refer to the Bank Charges Guidebook for more details.

Fund Transfer/Outward Remittance

Small-value Transfer

HKD **10,000**

0   10,000
