With effect from 19th September, 2022 ("**Effective Date**"), the manager of Tracker Fund of Hong Kong ("**TraHK**"), the underlying approved ITCIS of the BEA Hong Kong Tracker Fund, will be changed from State Street Global Advisors Asia Limited ("**SSGAAL**") to Hang Seng Investment Management Limited ("**HSVM**"). Correspondingly, the investment manager fee and trustee fee at the underlying fund level of the BEA Hong Kong Tracker Fund will be reduced. Please refer to this notice for details.

Thank you for your continuous support to the Value Scheme.

With effect from Effective Date, the manager of TraHK, the underlying approved ITCIS of the BEA Hong Kong Tracker Fund, will be changed from SSGAAL to HSVM (the "**Change**"). The appointment of HSVM as the manager of the TraHK was a result of a review by a professional consultant appointed by the supervisory committee ("**Supervisory Committee**") of State Street Bank and Trust Company Limited, the trustee of TraHK. Following completion of the manager review, the Supervisory Committee identified HSVM, a wholly-owned subsidiary of Hang Seng Bank Limited and an SFC licensed investment manager, to be the most suitable firm to manage TraHK in the interests of unitholders of TraHK, having regard to: (i) HSVM's relevant experience, expertise and sizable presence in Hong Kong, as demonstrated in part by HSVM's management of several existing SFC-authorised funds and exchange traded funds; (ii) latest market developments and TraHK's future development; and (iii) HSVM's fee proposal. For the same reasons, the trustee of TraHK is supportive of this decision and also regards the Change to be in the best interests of unitholders of TraHK.

There will be no change to the investment objective of TraHK or the BEA Hong Kong Tracker Fund as a result of the Change.

In addition, there will be the following changes to the fees relating to the BEA Hong Kong Tracker Fund.

BEA Hong Kong Tracker Fund		
	Prior to the Effective Date	On and after the Effective Date
Aggregate management fee (covering management fees at both the Constituent Fund and underlying fund levels)	Up to 0.7% p.a. of NAV	Up to 0.69% p.a. of NAV
