Scheme report

The Trustee has pleasure in presenting the annual reports and the financial statements of the BEA (MPF) Industry Scheme (the "Scheme") for the year ended 31 March 2020.

The Scheme

The Scheme is an industry scheme for the purpose of providing benefits to members in accordance with the Hong Kong Mandatory Provident Fund Schemes Ordinance (the "MPF Ordinance"). The Scheme was established under the trust deed dated 12 April 2000, as amended, between The Bank of East Asia, Limited as sponsor and Bank of East Asia (Trustees) Limited as trustee (the "Trustee"). The Scheme is registered under section 21A of the MPF Ordinance.

Financial development

The Scheme commenced operations on 1 December 2000. The total contributions received and receivable including contribution surcharge and transfers in and benefits paid and payable including transfers out, forfeitures, long services payments and severance payments during the year were HK\$1,498.2 million (2019: HK\$1,577.0 million) and HK\$949.5 million (2019: HK\$841.7 million) respectively. The net asset value as at 31 March 2020 was HK\$12,226.0 million (2019: HK\$12,204.6 million).

Changes to the governing rules

The governing rules were amended during the year to reflect the changes associated with:

- the launch of Tax Deductible Voluntary Contributions with effect from 1 April 2019 with the empowerment from the Inland Revenue and MPF Schemes Legislation (Tax Deductions) from Annuity Premiums and MPF Voluntary Contributions) (Amendment) Ordinance 2018.
- the implementation of automatic exchange of financial account information ("AEOI") with effect from 1 January 2020 with empowerment from the Inland Revenue (Amendment) (No.2) Ordinance 2019.
- the latest requirements of the Code on Disclosure for MPF Investment Funds issued by the Mandatory Provident Fund Schemes Authority (the "Code"):

The Explanatory Memorandum of the Scheme was updated to reflect the latest requirements in Part G of the Code. In particular, the sequence of the contents has been rejigged to be in line with the requirements of the Code, and the contents have been updated in an easy-to-understand and concise manner to enhance readability and clarity. For the purpose of standardisation, the Explanatory Memorandum was renamed as the "MPF Scheme Brochure" with effect from 31 March 2020.

 certain other areas, such as disclosure on valuation rules, addition of risk factor on investments in Europe, disclosure relating to the Hang Seng China Enterprises Index ETF and other editorial changes.

Scheme report (continued)

Particulars of the service providers

Particulars of the Trustee and service providers engaged by the Trustee for the purposes of the Scheme during the year ended 31 March 2020 are set below.

Trustee, Custodian and Administrator

Bank of East Asia (Trustees) Limited

32nd Floor, BEA Tower Millennium City 5 418 Kwun Tong Road Kwun Tong, Kowloon Hong Kong

Investment Manager

BEA Union Investment Management Limited (an associate of the Trustee)

5th Floor, The Bank of East Asia Building 10 Des Voeux Road Central Hong Kong

Sponsor and Banker

The Bank of East Asia, Limited (the holding company of the Trustee)

Further information

Scheme members can obtain further information about the Scheme and its operations from Mr Goran Lam Ka Chun, Senior MPF Marketing and Customer Services Manager, at the Trustee. Scheme members can also contact BEA (MPF) hotline (operated by Bank of East Asia (Trustees) Limited) on 2211 1777 or visit the website at http://www.hkbea.com for queries or further information.

Investment report for the year ended 31 March 2020

Investment analysis

United States

- During April 2019 March 2020, the U.S. business cycle continuing to expand despite
 a series of uncertainties surrounding the U.S.-China trade dispute. At the same time,
 the U.S Federal Reserve (Fed) switched to expansionary monetary policy.
- The World Health Organization declared COVID-19 a pandemic in mid-March 2020, various cities around the world implemented different degrees of lockdown to halt the spread of the virus. The many measures introduced by the Fed, including injecting liquidity into markets helps to ease market liquidity tensions and to normalise the market situation.

Europe

- During April 2019 March 2020, European equities continued trading at a discount compared with their U.S. counterparts. This is due to the more significant economic risks in the eurozone and the political uncertainties due to BREXIT.
- European equities dropped substantially during the first quarter of 2020 due to the widespread of COVID-19 in the region. The European Central Bank announced a 750 billion-euro emergency bond-buying program to mitigate the damage on the economy. We expect the equity markets to recover following the flattening or stabilisation of coronavirus cases.

China

- During April 2019 March 2020, China's onshore and offshore equity markets traded in a volatile range due to trade tensions with the U.S. and domestic fiscal policy support.
- In the first quarter of 2020, the pandemic and oil shocks led to a global sell-off across financial markets, both onshore and offshore Chinese equities experienced a sharp correction. We maintain a positive view on the healthcare sector as we see increasing demand in healthcare infrastructure, particular after the COVID-19 outbreak.

Investment analysis (continued)

Japan

- During April 2019 March 2020, Japan's economy witnessed a faster-than-expected growth in the earlier part of the period. However, the COVID-19 pandemic has resulted in the one-year postponement of the Tokyo 2020 Olympic Games, GDP growth contracted sharply in the first quarter of 2020 as market expected.
- In March 2020, the Nikkei Stock Average Index was down 10.5%, its biggest monthly decline since May 2010, due to the concerns over the lockdown of Tokyo amid COVID-19 pandemic.

Asia

- During April 2019 March 2020, Asian equities generally underperformed developed markets. The trade tensions between the U.S. and China, moderating global growth coupled with heightening market volatility continued to weigh on investor sentiments.
- In the first quarter of 2020, COVID-19 fears dominate the market movement. The MSCI Asia Pacific ex-Japan Index fell sharply in March.

Global Bond

- During April 2019 March 2020, the major central banks turned more dovish due to heightened concerns over global growth.
- In March 2020, the oil shocks and the pandemic has triggered global risk-off sentiment and a shortage of U.S. dollar. The 10-year U.S. Treasury yield fell below 1% and reached a historic low.

Trustee's Commentary (continued)

B. Trustee's assessment framework for deriving its commentary and trustee's action, if any, to address its concern raised in its commentary in Section A

Bank of East Asia (Trustees) Limited ("BEA Trustees") has established an on-going mechanism on fund monitoring in order to monitor and review the performance of constituent funds ("CFs"). BEA Trustees identifies (i) underperformance issues by referencing to the benchmark of non-index tracking CFs; (ii) performance differences or abnormal tracking error by referencing the corresponding index of the index-tracking CFs; and (iii) outperformance and underperformance by referencing the recognized reference portfolio for the Default Investment Strategy ("DIS") CFs (collectively "performance issues").

On a regular basis, BEA Trustees holds review meetings with the investment manager to discuss the overall performance of the CFs. Comprehensive assessment on CF level in different horizons will be reviewed during the meeting. When any performance issues are identified, the investment manager is required to provide explanation and BEA Trustees will determine whether follow-up action has to be taken based on the explanation.

In addition to regular monitoring, BEA Trustees will update the Board of BEA Trustees regarding the fund performance of CFs and/or other issues through different channels including regular reports and meetings.

Note:

- ¹ It refers to the prescribed savings rate prescribed by the Mandatory Provident Fund Schemes Authority.
- ² It refers to the market median of MPF constituent fund under corresponding fund category obtained from Lipper.
- ³ It refers to the Hang Seng China Enterprises Index obtained from Lipper.
- ⁴ It refers to the Hang Seng Index obtained from Lipper.
- ⁵ It refers to the Willis Towers Watson MPF DIS Reference Portfolios obtained from Hong Kong Investment Funds Association.
- ⁶ The figures of the performance and the benchmark/performance target were rounded to 2 decimal places which may derive a rounding difference in deviation.
- ⁷ The benchmark/performance target may not be meaningful as different funds may have different launch dates.
- ⁸ The deviation from the benchmark/performance target may not be meaningful due to different funds may have different launch dates.

Investment objectives and policies of the Scheme and the constituent funds

The Scheme commenced operations on 1 December 2000. The Scheme offers 12 constituent funds with different investment policies. The constituent funds of the Scheme are BEA (Industry Scheme) MPF Conservative Fund, BEA (Industry Scheme) Growth Fund, BEA (Industry Scheme) Balanced Fund, BEA (Industry Scheme) Stable Fund, BEA (Industry Scheme) Greater China Equity Fund, BEA (Industry Scheme) Hong Kong Equity Fund, BEA (Industry Scheme) Asian Equity Fund, BEA China Tracker Fund, BEA Hong Kong Tracker Fund, BEA (Industry Scheme) RMB & HKD Money Market Fund, BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund.

All constituent funds invest in Approved Pooled Investment Funds ("APIFs") and/or Approved Index-Tracking Collective Investment Schemes ("ITCISs") except for the BEA China Tracker Fund and the BEA Hong Kong Tracker Fund which invest in a single approved ITCIS, BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund which invest in a single APIF, the BEA (Industry Scheme) MPF Conservative Fund which invests directly in a portfolio of Hong Kong dollar deposits and Hong Kong dollar denominated debt instruments and the BEA (Industry Scheme) RMB & HKD Money Market Fund which invests directly in a portfolio of mainly Hong Kong dollar and Renminbi deposits and Hong Kong dollar and Renminbi denominated debt instruments.

Separate and distinct investment policies are applied in the investments of each constituent fund. The respective investment objectives and policies are set out below.

BEA (Industry Scheme) MPF Conservative Fund

Investment objective:

To achieve a minimum rate of return while maintaining stability of the principal amount invested.

Investment policy:

The BEA (Industry Scheme) MPF Conservative Fund solely invests in Hong Kong dollar denominated instruments, namely, short-term deposits and debt securities issued by banks, corporations and governments. The BEA (Industry Scheme) MPF Conservative Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) MPF Conservative Fund will not enter into financial futures and options contracts for any purposes.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Growth Fund

Investment objective:

To achieve long-term capital appreciation within a controlled risk/return framework through investing mainly in global equities with some exposure in global debt securities/money market instruments.

Investment policy:

The BEA (Industry Scheme) Growth Fund will invest primarily in global equity and bond markets. The BEA (Industry Scheme) Growth Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to such markets, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Growth Fund are expected normally to be invested 60% to 90% in equities and 10% to 40% in cash, debt securities and/or money market instruments. The BEA (Industry Scheme) Growth Fund will not enter into repurchase agreements. The BEA (Industry Scheme) Growth Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Balanced Fund

Investment objective:

To achieve a stable rate of return with an opportunity for capital appreciation through a balanced weighting of investments in global equities and debt securities.

Investment policy:

The BEA (Industry Scheme) Balanced Fund will invest primarily in global equity and bond markets. The BEA (Industry Scheme) Balanced Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to such markets, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Balanced Fund are expected normally to be invested 40% to 60% in equities and 40% to 60% in cash, debt securities and/or money market instruments. The BEA (Industry Scheme) Balanced Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) Balanced Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Stable Fund

Investment objective:

To minimise short-term capital risk with modest capital growth over the long term through a higher weighting of investments in global debt securities to provide steady income and a lower exposure to global equities to provide modest potential for capital appreciation.

Investment policy:

The BEA (Industry Scheme) Stable Fund will invest primarily in the global equity and bond markets. The BEA (Industry Scheme) Stable Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to such markets, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Stable Fund are expected normally to be invested 10% to 40% in equities and 60% to 90% in cash, debt securities and/or money market instruments. The BEA (Industry Scheme) Stable Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) Stable Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Greater China Equity Fund

Investment objective:

To provide investors with long-term capital growth within a controlled risk/return framework through investing mainly in listed securities of companies that derive or are expected to derive a significant portion of their revenues from goods produced or sold, investments made or services performed in Greater China (the "Greater China Securities").

Investment policy:

The BEA (Industry Scheme) Greater China Equity Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to the Greater China Securities, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Greater China Equity Fund are expected normally to be invested 70% to 100% in Greater China Securities and up to 30% in cash, debt securities and/or money market instruments for cash management purposes. The BEA (Industry Scheme) Greater China Equity Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) Greater China Equity Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Hong Kong Equity Fund

Investment objective:

To achieve long-term capital appreciation within a controlled risk-return framework through investing mainly in Hong Kong equities, with some exposure in debt securities/money market instruments.

Investment policy:

The BEA (Industry Scheme) Hong Kong Equity Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to the Hong Kong equity market, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Hong Kong Equity Fund are expected normally to be invested 70% to 100% in equities of companies that are listed in, or derive or are expected to derive a significant portion of their revenues from Hong Kong and up to 30% in cash, debt securities and/or money market instruments for cash management purposes. The BEA (Industry Scheme) Hong Kong Equity Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) Hong Kong Equity Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Asian Equity Fund

Investment objective:

To achieve long-term capital appreciation within a controlled risk/return framework through investing mainly in Asian (ex-Japan) equities, with some exposure in debt securities and/or money market instruments.

Investment policy:

The BEA (Industry Scheme) Asian Equity Fund will invest in a range of APIFs and/or approved ITCISs to obtain exposure to the Asian (ex-Japan) equity markets, selected by the Investment Manager having regard to the investment objective and investment policy. The underlying assets of the BEA (Industry Scheme) Asian Equity Fund are expected normally to be invested at least 70% in equities of companies listed in the Asian equity markets (including but not limited to Singapore, Malaysia, Korea, Taiwan, Thailand, Indonesia, the Philippines, India, China and Hong Kong, but excluding Japan) and up to 30% in cash, debt securities and/or money market instruments for cash management purposes. The BEA (Industry Scheme) Asian Equity Fund will not enter into repurchase agreements. The BEA (Industry Scheme) Asian Equity Fund will enter into financial futures and options contracts for hedging purposes only.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA China Tracker Fund

Investment objective:

To provide investment returns that match the performance of the Hang Seng China Enterprises Index as closely as practicable.

Investment policy:

The BEA China Tracker Fund will invest directly in a single approved ITCIS, namely the Hang Seng China Enterprises Index ETF. The Hang Seng China Enterprises Index ETF aims to provide investment returns that match the performance of the Hang Seng China Enterprises Index as closely as practicable. There can, however, be no assurance that the performance of the BEA China Tracker Fund and the approved ITCIS will at any time be identical to that of the Hang Seng China Enterprises Index. The BEA China Tracker Fund may hold cash and bank deposits for ancillary purposes, such as for meeting redemption requests or defraying operating expenses. The BEA China Tracker Fund and the Hang Seng China Enterprises Index ETF will not engage in security lending and will not enter into repurchase agreements. The BEA China Tracker Fund will not enter into financial futures and options contracts for any purposes. However, the Hang Seng China Enterprises Index ETF may use futures contracts, warrants and options for hedging purposes or to achieve its investment objective.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA Hong Kong Tracker Fund

Investment objective:

To provide investment returns that match the performance of the Hang Seng Index as closely as practicable.

Investment policy:

The BEA Hong Kong Tracker Fund will invest directly in a single approved ITCIS, namely the Tracker Fund of Hong Kong. The underlying approved ITCIS aims to provide investment results that closely correspond to the performance of the Hang Seng Index. There can, however, be no assurance that the performance of the BEA Hong Kong Tracker Fund and the underlying approved ITCIS will at any time be identical to that of the Hang Seng Index. The BEA Hong Kong Tracker Fund may hold cash and bank deposits for ancillary purposes, such as for meeting redemption requests or defraying operating expenses. The BEA Hong Kong Tracker Fund and the underlying approved ITCIS will not engage in security lending and will not enter into repurchase agreements. The BEA Hong Kong Tracker Fund will not enter into financial futures and options contracts for any purposes. However, the underlying approved ITCIS may use futures contracts and options for hedging purposes or to achieve its investment objective.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) RMB & HKD Money Market Fund

Investment objective:

To achieve a rate of return over the long term in line with the interest rate offered by authorised financial institutions in Hong Kong on HKD and RMB savings accounts while maintaining stability of the principal amount invested.

Investment policy:

The BEA (Industry Scheme) RMB & HKD Money Market Fund will primarily invest in HKD and RMB denominated instruments, namely short-term deposits (including certificates of deposits and term deposits) placed with authorised financial institutions in Hong Kong and debt securities (including bonds, fixed and floating rate securities, convertible bonds and notes with a remaining maturity period of two years or less) issued or distributed outside mainland China ("offshore RMB debt securities") by banks, corporations and governments. The BEA (Industry Scheme) RMB & HKD Money Market Fund will not invest in securities issued within mainland China through any qualified foreign institutional investor quota. The target ranges of asset allocation of the BEA (Industry Scheme) RMB & HKD Money Market Fund (as a percentage of its net asset value) are as follows:

| Asset allocation | Min % | Max % |
|---------------------|-------|-------|
| Short-term deposits | 90% | 100% |
| Debt securities | 0% | 10% |

The BEA (Industry Scheme) RMB & HKD Money Market Fund is denominated in HKD only and not in RMB. However, the BEA (Industry Scheme) RMB & HKD Money Market Fund is expected under normal circumstances to hold at least 50% of its net asset value in assets denominated and settled in RMB, and up to 50% of its net asset value in assets denominated and settled in HKD. In addition, the BEA (Industry Scheme) RMB & HKD Money Market Fund will at all times maintain an effective currency exposure to HKD of not less than 30% by investing in HKD denominated instruments and/or through currency forward contracts.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) RMB & HKD Money Market Fund (continued)

Investment policy: (continued)

Variations to this may occur due to the timing of cashflows to and from the BEA (Industry Scheme) RMB & HKD Money Market Fund. Further, the Investment Manager may, in its discretion, vary the percentage of the BEA (Industry Scheme) RMB & HKD Money Market Fund's holding in RMB and HKD should the Investment Manager determine, in its opinion, that variation is warranted due to market or other conditions such as changes in the exchange policy, currency control or a significant downturn in the economy. The BEA (Industry Scheme) RMB & HKD Money Market Fund will not engage in security lending and will not enter into repurchase agreements. The BEA (Industry Scheme) RMB & HKD Money Market Fund will not enter into financial futures and options contracts for any purposes.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Age 65 Plus Fund

Investment objective:

To provide stable growth by investing in a globally diversified manner.

Investment policy:

The BEA (Industry Scheme) Age 65 Plus Fund will invest in a single APIF, namely the BEA Union Investment Age 65 Plus Fund under the BEA Union Investment Capital Growth Fund, which in turn invests in two APIFs as allowed under the Mandatory Provident Fund Schemes (General) Regulation ("General Regulation"). The investment manager of the BEA Union Investment Age 65 Plus Fund will from time to time rebalance the allocation between the two APIFs.

Subject to the discretion of the investment manager of the BEA Union Investment Age 65 Plus Fund and through an active asset allocation strategy investing in the two APIFs (which in turn adopt relevant active investment strategy in selecting particular global equities or global bonds), the BEA (Industry Scheme) Age 65 Plus Fund will hold around 20% of its net asset value in Higher Risk Assets, with the remainder investing in Lower Risk Assets. The asset allocation to Higher Risk Assets may vary between 15% and 25% due to differing price movements of various equity and bond markets. There is no prescribed allocation for investments in any specific countries or currencies. Through the BEA (Industry Scheme) Age 65 Plus Fund's investment in the BEA Union Investment Age 65 Plus Fund, at least 30% of the assets of the BEA (Industry Scheme) Age 65 Plus Fund will be held in HK dollar currency investments as measured by effective currency exposure (determined in accordance with Schedule 1 to the General Regulation). The BEA (Industry Scheme) Age 65 Plus Fund adopts an active investment strategy. With this strategy, the investment manager of the BEA Union Investment Age 65 Plus Fund may allocate the assets among the two underlying APIF(s) at its discretion.

The BEA (Industry Scheme) Age 65 Plus Fund will not engage in security lending and will not enter into repurchase agreements. The BEA Union Investment Age 65 Plus Fund will not invest in any structured deposits or products, and will not enter into any security lending, repurchase transactions or other similar transactions. The BEA (Industry Scheme) Age 65 Plus Fund will not enter into currency forward contracts, financial futures and options contracts for any purposes. However, the BEA Union Investment Age 65 Plus Fund may enter into currency forward contracts, financial futures and options contracts for hedging purposes to reduce risk and protect asset value, consistent with the investment objective of the BEA Union Investment Age 65 Plus Fund.

Investment objectives and policies of the Scheme and the constituent funds (continued)

BEA (Industry Scheme) Core Accumulation Fund

Investment objective:

To provide capital growth by investing in a globally diversified manner.

Investment policy:

The BEA (Industry Scheme) Core Accumulation Fund will invest in a single APIF, namely the BEA Union Investment Core Accumulation Fund under the BEA Union Investment Capital Growth Fund, which in turn invests in two APIFs as allowed under the General Regulation. The investment manager of the BEA Union Investment Core Accumulation Fund will from time to time rebalance the allocation between the two APIFs.

Subject to the discretion of the investment manager of the BEA Union Investment Core Accumulation Fund and through an active asset allocation strategy investing in the two APIFs (which in turn adopt relevant active investment strategy in selecting particular global equities or global bonds), the BEA (Industry Scheme) Core Accumulation Fund will hold around 60% of its net asset value in Higher Risk Assets, with the remainder investing in Lower Risk Assets. The asset allocation to Higher Risk Assets may vary between 55% and 65% due to differing price movements of various equity and bond markets. There is no prescribed allocation for investments in any specific countries or currencies. Through the BEA (Industry Scheme) Core Accumulation Fund, at least 30% of the assets of the BEA (Industry Scheme) Core Accumulation Fund will be held in HK dollar currency investments as measured by effective currency exposure (determined in accordance with Schedule 1 to the General Regulation). The BEA (Industry Scheme) Core Accumulation Fund adopts an active investment strategy. With this strategy, the investment manager of the BEA Union Investment Core Accumulation Fund may allocate the assets among the two underlying APIF(s) at its discretion.

The BEA (Industry Scheme) Core Accumulation Fund will not engage in security lending and will not enter into repurchase agreements. The BEA Union Investment Core Accumulation Fund will not invest in any structured deposits or products, and will not enter into any security lending, repurchase transactions or other similar transactions. The BEA (Industry Scheme) Core Accumulation Fund will not enter into currency forward contracts, financial futures and options contracts for any purposes. However, the BEA Union Investment Core Accumulation Fund may enter into currency forward contracts, financial futures and options contracts for hedging purposes to reduce risk and protect asset value, consistent with the investment objective of the BEA Union Investment Core Accumulation Fund.

⁽¹⁾ The net annualised investment return represents the percentage change in unit price at the year end during each of these years except for the net investment return in the first financial period which was calculated as the percentage change in unit price between the unit price at the period end date and the initial offer price.

The date of commencement for BEA (Industry Scheme) RMB & HKD Money Market Fund was 3 July 2012.

The launch date of BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund was 1 April 2017.

(3) The unit price of BEA (Industry Scheme) MPF Conservative Fund does not reflect the impact of fees and charges which are deducted from members' accounts by way of unit deduction.

⁽²⁾ The date of commencement for BEA (Industry Scheme) Asian Equity Fund, BEA China Tracker Fund and BEA Hong Kong Tracker Fund was 31 January 2012.

Performance table (continued)

| BEA (Industry Scheme) Core Accumulation Fund | - | 0.82% |

⁽¹⁾ Pursuant to Chapter E2 of the Code on Disclosure for MPF Investment Funds ("Disclosure Code"), the FER calculation for a constituent fund ("CF") that invests through a fund requires the costs incurred at lower level collective investment schemes, such as real estate investment trust ("REIT"), to be included. According to the circular letter dated 1 November 2019 (PR/CTR/2019/002), a clarification was issued by the Mandatory Provident Fund Schemes Authority for the purposes of calculating FER, a listed REIT is treated in the same way as an investment in shares of a listed company, and the fees and charges of such REIT need not be regarded as "underlying fund costs" (as defined under E3.9 of the Disclosure Code) of a CF. This treatment of a listed REIT for the purposes of FER calculation is adopted and is not required to be applied retrospectively.

Independent auditor's report to the Trustee of BEA (MPF) Industry Scheme (the "Scheme")

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Scheme set out on pages 73 to 130, which comprise the statement of net assets available for benefits of the Scheme and the statement of assets and liabilities of each of its constituent funds as at 31 March 2020, and the statement of changes in net assets available for benefits and the cash flow statement of the Scheme, and the statement of comprehensive income and the statement of changes in net assets attributable to members of each of its constituent funds for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Scheme as at 31 March 2020, and of its financial transactions and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") and with reference to Practice Note 860.1 (Revised), The *Audit of Retirement Schemes* issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Scheme in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Investment Manager and the Trustee of the Scheme are responsible for the other information. The other information comprises all the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent auditor's report to the Trustee of BEA (MPF) Industry Scheme (the "Scheme") (continued)

Report on the Audit of the Financial Statements (continued)

Responsibilities of Investment Manager and Trustee for the Financial Statements

The Investment Manager and the Trustee are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and for such internal control as the Investment Manager and the Trustee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Investment Manager and the Trustee of the Scheme are responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Investment Manager and the Trustee either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

In addition, the Investment Manager and the Trustee are required to ensure that the financial statements have been properly prepared in accordance with sections 80, 81, 83 and 84 of the Mandatory Provident Fund Schemes (General) Regulation ("General Regulation").

Those charged with governance are responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, in accordance with section 102 of the General Regulation, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Scheme have been properly prepared, in all material respects, in accordance with sections 80, 81, 83 and 84 of the General Regulation.

Independent auditor's report to the Trustee of BEA (MPF) Industry Scheme (the "Scheme") (continued)

Report on the Audit of the Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Scheme's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Investment Manager and the Trustee of the Scheme.
- Conclude on the appropriateness of the Investment Manager's and the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Investment Manager and the Trustee of the Scheme regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent auditor's report to the Trustee of BEA (MPF) Industry Scheme (the "Scheme") (continued)

Report on matters under the Mandatory Provident Fund Schemes (General) Regulation

- a. In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with sections 80, 81, 83 and 84 of the General Regulation.
- b. We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purpose of our audit.

Certified Public Accountants

8th Floor, Prince's Building 10 Chater Road Central, Hong Kong

14 September 2020

Independent auditor's assurance report

To the Trustee of BEA (MPF) Industry Scheme (the "Scheme")

We have audited the financial statements of the Scheme for the year ended 31 March 2020 in accordance with Hong Kong Standards on Auditing and with reference to Practice Note 860.1 (Revised), *The Audit of Retirement Schemes* ("PN 860.1 (Revised)") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), and have issued an unqualified auditor's report thereon dated 14 September 2020.

Pursuant to section 102 of the Mandatory Provident Fund Schemes (General) Regulation ("General Regulation"), we are required to report whether the Scheme complied with certain requirements of the Mandatory Provident Fund Schemes Ordinance ("MPFSO") and the General Regulation.

Trustee's responsibility

The General Regulation requires the Trustee to ensure that:

- a. proper accounting and other records are kept in respect of the constituent funds of the Scheme, the Scheme assets and all financial transactions entered into in relation to the Scheme;
- b. the requirements specified in the guidelines made by the Mandatory Provident Fund Schemes Authority ("MPFA") under section 28 of the MPFSO with respect to forbidden investment practices and the requirements of sections 37(2), 51 and 52 and Part X of, and Schedule 1 to, the General Regulation are complied with;
- c. the requirements under sections 34DB(1)(a), (b), (c) and (d), 34DC(1), 34DD(1) and (4) of the MPFSO are complied with; and
- d. the Scheme assets are not subject to any encumbrance, otherwise than as permitted by the General Regulation.

Our independence and quality control

We have complied with the independence and other ethical requirements of the *Code of Ethics for Professional Accountants* issued by the HKICPA, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies Hong Kong Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Independent auditor's assurance report (continued)

Auditor's responsibility

Our responsibility is to report solely to you, on the Scheme's compliance with the above requirements based on the results of the procedures performed by us, in accordance with section 102 of the General Regulation, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our engagement in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised), Assurance Engagements Other Than Audits or Reviews of Historical Financial Information and with reference to PN 860.1 (Revised) issued by the HKICPA. We have planned and performed our work to obtain reasonable assurance on whether the Scheme has complied with the above requirements.

We have planned and performed such procedures as we considered necessary with reference to the procedures recommended on PN 860.1 (Revised), which included reviewing, on a test basis, evidence obtained from the Trustee regarding the Scheme's compliance with the above requirements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

Based on the foregoing:

- 1. In our opinion:
 - a. proper accounting and other records have been kept during the year ended
 31 March 2020 in respect of the constituent funds of the Scheme, the Scheme assets and all financial transactions entered into in relation to the Scheme; and
 - b. the requirements specified in the guidelines made by the MPFA under section 28 of the MPFSO with respect to forbidden investment practices and the requirements of sections 37(2), 51 and 52 and Part X of, and Schedule 1 to, the General Regulation have been complied with, in all material respects, as at 31 July 2019, 31 December 2019 and 31 March 2020; and
 - c. the requirements specified in the MPFSO under section 34DB(1)(a), (b), (c) and (d), 34DC(1) and 34DD(1) and (4)(a) with respect to the investment of accrued benefits and control of payment for services relating to BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund have been complied with, in all material respects, as at 31 July 2019, 31 December 2019 and 31 March 2020; and

Independent auditor's assurance report (continued)

Opinion (continued)

Based on the foregoing: (continued)

- 1. In our opinion: (continued)
 - d. the requirements specified in section 34DD(4)(b) of the MPFSO with respect to the controls of out-of-pocket expenses of the BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund have been complied with, in all material respects, as at 31 March 2020.
- 2. As at 31 March 2020, the Scheme assets were not subject to any encumbrance, otherwise than as permitted by the General Regulation.

Other Matter

The requirements specified in the MPFSO under sections 34DI(1) and (2) and 34DK(2) with respect to the transfer of accrued benefits to an account and specified notice, and 34DJ(2), (3), (4) and (5) with respect to locating scheme members relating to BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund are not applicable to the Trustee during the year ended 31 March 2020 as the Trustee has completed the relevant transitional provisions and the default investment arrangement of the Scheme prior to 1 April 2017 were not guaranteed funds. Accordingly, there is no reporting on these sections.

Intended users and purpose

This report is intended solely for submission by the Trustee to the MPFA pursuant to section 102 of the General Regulation, and is not intended to be, and should not be, used by anyone for any other purposes.

Notes to the financial statements

(Expressed in Hong Kong dollars)

1 The Scheme

BEA (MPF) Industry Scheme (the "Scheme") is established and governed by its trust deed dated 12 April 2000, as amended (the "Trust Deed"). The Scheme is registered under section 21A of the Mandatory Provident Fund Schemes Ordinance (the "MPF Ordinance") and is required to comply with the MPF Ordinance and the relevant regulations, guidelines and codes issued by the Mandatory Provident Fund Schemes Authority (the "MPFA").

Under the Trust Deed, Bank of East Asia (Trustees) Limited (the "Trustee") is required to establish and maintain separate constituent funds into which contributions may be invested. The constituent funds established within the Scheme are only available for investment by members of the Scheme.

The Scheme had 12 constituent funds as at 31 March 2020:

- BEA (Industry Scheme) MPF Conservative Fund
- BEA (Industry Scheme) Growth Fund
- BEA (Industry Scheme) Balanced Fund
- BEA (Industry Scheme) Stable Fund
- BEA (Industry Scheme) Greater China Equity Fund
- BEA (Industry Scheme) Hong Kong Equity Fund
- BEA (Industry Scheme) Asian Equity Fund
- BEA China Tracker Fund
- BEA Hong Kong Tracker Fund
- BEA (Industry Scheme) RMB & HKD Money Market Fund
- BEA (Industry Scheme) Age 65 Plus Fund
- BEA (Industry Scheme) Core Accumulation Fund

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently and are consistent with those used in the previous year, unless otherwise stated.

Changes to significant accounting policies are described in note 3.

(a) Statement of compliance

The financial statements for the Scheme and its constituent funds have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong, the relevant provisions of the Trust Deed, and sections 80, 81, 83 and 84 of the Mandatory Provident Fund Schemes (General) Regulation (the "General Regulation") and the requirements of the MPF Ordinance. A summary of the significant accounting policies adopted by the Scheme and its constituent funds is set out below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Scheme and its constituent funds for the current and prior accounting periods reflected in these financial statements.

(b) Basis of preparation of the financial statements

The measurement basis used in the preparation of the financial statements is the historical cost basis except that investments are stated at their fair value as explained in the accounting policies set out below.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(c) Investments

(i) Classification of financial assets

On initial recognition, the Scheme and its constituent funds classify financial assets as measured at amortised cost or fair value through profit or loss ("FVTPL").

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI").

All other financial assets of the Scheme and its constituent funds are measured at FVTPL.

Business model assessment

In making an assessment of the objective of the business model in which a financial asset is held, the Scheme and its constituent funds consider all of the relevant information about how the business is managed, including:

- the documented investment strategy and the execution of this strategy in practice. This
 includes whether the investment strategy focuses on earning contractual interest income,
 maintaining a particular interest rate profile, matching the duration of the financial assets
 to the duration of any related liabilities or expected cash outflows or realising cash flows
 through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Scheme's and its constituent funds' management:
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how the investment manager is compensated: e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Scheme and its constituent funds' continuing recognition of the assets.

The Scheme and its constituent funds have determined that they have two business models.

(c) Investments (continued)

- (i) Classification of financial assets (continued)
 - Held-to-collect business model: this includes contributions receivables, interest receivables, other receivables, bank balances, amounts receivable on sales of investments, amounts receivable on subscriptions, interest, dividend and other receivables. These financial assets are held to collect contractual cash flow.
 - Other business model: this includes approved pooled investment funds and approved index-tracking collective investment schemes. These financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

Assessment whether contractual cash flows are SPPI

For the purposes of this assessment, "principal" is defined as the fair value of the financial asset on initial recognition. "Interest" is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are SPPI, the Scheme and its constituent funds consider the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Scheme and its constituent funds consider:

- contingent events that would change the amount or timing of cash flows;
- leverage features;
- prepayment and extension features;
- terms that limit the Scheme and its constituent funds' claim to cash flows from specified assets (e.g. non-recourse features); and
- features that modify consideration for of the time value of money (e.g. periodical reset of interest rates).

The Scheme and its constituent funds classify their investments based on the business model and contractual cash flows assessment. Accordingly, the Scheme and its constituent funds classify all their approved pooled investment funds, approved index-tracking collective investment schemes and short-term deposits into financial assets at FVTPL category. Financial assets measured at amortised cost include contributions receivables, interest receivables, other receivables, bank balances, amounts receivable on sales of investments, amounts receivable on subscriptions, interest, dividend and other receivables.

(c) Investments (continued)

(i) Classification of financial assets (continued)

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition unless the Scheme and its constituent funds were to change their business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

(ii) Classification of financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL.

A financial liability is classified as at FVTPL if it is a derivative. Financial liabilities at FVTPL are measured at fair value and net gains and losses are recognised in profit or loss.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

Any gain or loss on derecognition is also recognised in profit or loss.

Financial liabilities measured at amortised cost include amounts payable on purchase of investments, amounts payable on redemption, benefits payable, accruals and other payables.

(iii) Recognition

The Scheme and its constituent funds recognise financial assets and financial liabilities on the date they become a party to the contractual provisions of the instruments.

A regular way purchase or sale of financial assets or financial liabilities at fair value through profit or loss is recognised on a trade date basis. From this date, any gains or losses arising from changes in fair value of the financial assets or financial liabilities at fair value through profit or loss are recorded.

Financial liabilities are not recognised unless one of the parties has performed their obligations under the contract or the contract is a derivative contract not exempted from the scope of HKFRS 9.

(iv) Measurement

Financial instruments are measured initially at fair value (transaction price). Transaction costs on financial assets and liabilities at fair value through profit or loss are expensed immediately.

Subsequent to initial recognition, all instruments classified at fair value through profit or loss are measured at fair value with changes in their fair values recognised in profit or loss.

(c) Investments (continued)

(iv) Measurement (continued)

Financial assets classified as financial assets measured at amortised cost are carried at amortised cost using the effective interest rate method, less impairment losses, if any.

Financial liabilities, other than those at fair value through profit or loss, are measured at amortised cost using the effective interest rate method.

(v) Fair value measurement principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Scheme and its constituent funds have access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Scheme and its constituent funds measure the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. Investments in constituent funds, approved pooled investment funds and approved index-tracking collective investment schemes are valued at their respective closing net asset value per unit or quoted last-traded prices, if any.

If there is no quoted price in an active market, then the Scheme and its constituent funds use valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Scheme and its constituent funds recognise transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred.

Net gains or losses on investments are included in profit or loss. Realised gains or losses on investments and unrealized gains or losses on investments arising from a change in fair value. Net realised gains or losses from financial instruments at fair value through profit or loss is calculated using the average cost method.

(vi) Amortised cost measurement

The "amortised cost" of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

(c) Investments (continued)

(vii) Impairment

The Scheme and its constituent funds recognise loss allowances for expected credit losses ("ECLs") on financial assets measured at amortised cost.

The Scheme and its constituent funds measure loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk (i.e. the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Scheme and its constituent funds consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Scheme and its constituent funds' historical experience and informed credit assessment and including forward-looking information.

The Scheme and its constituent funds assume that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Scheme and its constituent funds consider a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Scheme and its constituent funds in full, without recourse by the Scheme and its constituent funds to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Scheme and its constituent funds consider a financial asset to have low credit risk when the credit rating of the counterparty is equivalent to the globally understood definition of "investment grade". The Scheme and its constituent funds consider this to be Baa3 or higher per Moody's or BBB- or higher per Standard & Poor's.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Scheme and its constituent funds are exposed to credit risk.

(c) Investments (continued)

(vii) Impairment (continued)

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Scheme and its constituent funds in accordance with the contract and the cash flows that the Scheme and its constituent funds expect to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Scheme and its constituent funds assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is "credit-impaired" when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due; or
- it is probable that the borrower will enter bankruptcy or other financial reorganisation.

Presentation of allowance for ECLs in the statement of assets and liabilities

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Scheme and its constituent funds have no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

(c) Investments (continued)

(viii) Derecognition

A financial asset is derecognised when the contractual rights to receive the cash flows from the financial asset expire, or where the financial asset together with substantially all the risks and rewards of ownership, have been transferred.

Financial assets measured at FVTPL that are sold are derecognised and corresponding receivables from brokers are recognised as of the date the Scheme and its constituent funds commit to sell the assets.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

On derecognition of a financial asset, the difference between the carrying value of the asset and the consideration received is recognised in profit or loss.

(d) Income and expenses

Interest income is recognised as it accrues under the effective interest method using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. Dividend income is recognised when the underlying securities are quoted ex-dividend. Dividend is presented gross of any non-recoverable withholding taxes, which are presented separately in the statement of comprehensive income of the respective constituent funds. Interest income on bank deposits is disclosed separately on the face of the statement of changes in net assets available for benefits of the Scheme and the statement of comprehensive income of the constituent funds. All other income and expenses are accounted for on an accruals basis.

(e) Units in issue

The Scheme and its constituent funds classify capital instruments as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

A puttable financial instrument is classified as an equity instrument if it has all of the following features:

- It entitles the holder to a pro rata share of the Scheme and its constituent funds' net assets in the event of the Scheme and its constituent funds' liquidation.
- The instrument is in the class of instruments that is subordinate to all other classes of instruments.
- All financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features.
- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Scheme and its constituent funds' net assets.

(e) Units in issue (continued)

- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Scheme over the life of the instrument.

In addition to the instrument having all the above features, the Scheme and its constituent funds must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Scheme; and
- The effect of substantially restricting or fixing the residual return to the puttable instrument holders.

The redeemable units do not provide the members with the right to require redemption for cash at a value proportionate to the members' share in the Scheme and its constituent funds' net assets in the event of the Scheme and its constituent funds' liquidation. Therefore, they do not meet the criteria for equity classification and are classified as financial liabilities. They are measured at the redemption amounts.

(f) Translation of foreign currencies

(i) Functional and presentation currency

Items included in the financial statements of the Scheme and its constituent funds are measured using the currency of the primary economic environment in which they operate (the "functional currency"). The financial statements are presented in Hong Kong dollar ("HKD"), which is the functional and presentation currency of the Scheme and its constituent funds.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income of the constituent funds.

(g) Subscription and redemption of units

The price at which units are subscribed or redeemed is calculated by reference to the net asset value per unit as at the close of business on the relevant dealing day. Proceeds and payments for units subscribed and redeemed are included in the statement of changes in net assets attributable to members of the constituent funds.

(h) Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and on hand, net of bank overdrafts that are repayable on demand and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, if any.

(i) Financial assets and liabilities not at fair value

Financial assets that are classified as financial assets measured at amortised cost include contributions receivables, interest receivables, other receivables, bank balances, amounts receivable on sales of investments, amounts receivable on subscriptions, interest, dividend and other receivables.

Financial liabilities that are not at fair value through profit or loss include benefits payables, accruals and other payables, amounts payable on purchase of investments and amounts payable on redemptions.

(j) Contributions

Contributions are accounted for on an accruals basis.

(k) Benefits

Benefits are accounted for on an accruals basis.

(I) Transfer values

Transfer values are accounted for on the effective date of transfer.

(m) Forfeitures

If a member ceases to be a member, the part of the employer's voluntary balance not otherwise disposed of in accordance with the rules of the Scheme would be returned to the employer. Forfeitures arising from such cases which have not been returned to the employers would be treated as liabilities of the Scheme.

(n) Related parties

- (a) A person, or a close member of that person's family, is related to the Scheme and its constituent funds if that person:
 - (i) has control or joint control over the Scheme and its constituent funds;
 - (ii) has significant influence over the Scheme and its constituent funds; or
 - (iii) is a member of the key management personnel of the Scheme and its constituent funds or the Scheme and its constituent funds' parent.

(n) Related parties (continued)

- (b) An entity is related to the Scheme and its constituent funds if any of the following conditions applies:
 - (i) The entity and the Scheme and its constituent funds are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) The entity is a post-employment benefit plan for the benefit of employees of an entity related to the Scheme and its constituent funds;
 - (vi) The entity is controlled or jointly controlled by a person identified in (a);
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Scheme and its constituent funds or to the Scheme and its constituent funds' parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

(o) Segment reporting

An operating segment is a component of the Scheme and its constituent funds that engage in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Scheme and its constituent funds' other components, whose operating results are reviewed regularly by the chief operating decision maker (the "CODM") to make decisions about resources allocated to the segment and assess its performance, and for which discrete financial information is available. Segment results that are reported to CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

3 Changes in accounting policies

A number of new standards are effective from 1 April 2019 but they do not have a material effect on the Scheme's financial statements.

The Scheme and its constituent funds have consistently applied the accounting policies as set out in note 2 to all periods presented in these financial statements.

| | | | | | | | |

(b) Net assets attributable to members and net assets attributable to members per unit as at 31 March (continued)

The capital of the constituent funds is represented by the net assets attributable to members. Subscription and redemption of units during the year are shown in the statements of changes in net assets attributable to members of the respective constituent funds. The amount of net assets attributable to members can change significantly on a daily basis as the constituent funds are subject to daily subscriptions and redemptions at the discretion of members. The constituent funds' objective when managing capital is to safeguard their ability to continue as a going concern in order to provide retirement benefits to members and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the constituent funds.

In order to maintain or adjust the capital structure, the Scheme policy is to perform the following:

- monitor the level of daily subscriptions and redemptions relative to the liquid assets; and
- redeem and issue units of the constituent funds in accordance with the Trust Deed.

The Trustee monitors capital on the basis of the value of net assets attributable to members.

5 Financial risk management

Strategy in using financial instruments

The investment objective of BEA (Industry Scheme) MPF Conservative Fund is to achieve a minimum rate of return while maintaining stability of the principal amount invested.

The investment objective of BEA (Industry Scheme) Growth Fund is to achieve long-term capital appreciation within a controlled risk/return framework through investing mainly in global equities with some exposure in global debt securities/money market instruments.

The investment objective of BEA (Industry Scheme) Balanced Fund is to achieve a stable rate of return with an opportunity for capital appreciation through a balanced weighting of investments in global equities and debt securities.

The investment objective of BEA (Industry Scheme) Stable Fund is to minimise short-term capital risk with modest capital growth over the long term through a higher weighting of investments in global debt securities to provide steady income and a lower exposure to global equities to provide modest potential for capital appreciation.

The investment objective of BEA (Industry Scheme) Greater China Equity Fund is to provide investors with long-term capital growth within a controlled risk/return framework through investing mainly in listed securities of companies that derive or are expected to derive a significant portion of their revenues from goods produced or sold, investments made or services performed in Greater China (the "Greater China Securities").

The investment objective of BEA (Industry Scheme) Hong Kong Equity Fund is to achieve long-term capital appreciation within a controlled risk/return framework through investing mainly in Hong Kong equities, with some exposure in debt securities and/or money market instruments.

Strategy in using financial instruments (continued)

The investment objective of BEA (Industry Scheme) Asian Equity Fund is to achieve long-term capital appreciation within a controlled risk/return framework through investing mainly in Asian (ex-Japan) equities, with some exposure in debt securities and/or money market instruments.

The investment objective of BEA China Tracker Fund is to provide investment returns that match the performance of the Hang Seng China Enterprises Index as closely as practicable.

The investment objective of BEA Hong Kong Tracker Fund is to provide investment returns that match the performance of the Hang Seng Index as closely as practicable.

The investment objective of BEA (Industry Scheme) RMB & HKD Money Market Fund is to achieve a rate of return over the long term in line with the interest rate offered by authorised financial institutions in Hong Kong on HKD and RMB savings accounts while maintaining stability of the principal amount invested.

The investment objective of BEA (Industry Scheme) Age 65 Plus Fund is to provide stable growth by investing in a globally diversified manner.

The investment objective of BEA (Industry Scheme) Core Accumulation Fund is to provide capital growth by investing in a globally diversified manner.

The activities of the constituent funds expose them to a variety of financial risks: market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Scheme and its constituent funds are exposed to various risks which are discussed below.

(a) Market risk

Market risk embodies the potential for both gains and losses and includes currency risk, interest rate risk and other price risk. The Scheme's strategy on the management of market risk is driven by the Scheme's investment objective.

The Scheme's market risk is managed on a regular basis by BEA Union Investment Management Limited (the "Investment Manager") in accordance with policies and procedures in place. The Scheme's overall market position is monitored on a regular basis by the Trustee. Details of the nature of the Scheme's investment portfolio at the reporting date are disclosed in the investment report.

(i) Currency risk

The Scheme and its constituent funds may hold assets and liabilities denominated in currencies other than their functional currency. The Scheme and its constituent funds may also be exposed to currency risk indirectly via the investment funds held by them as the investment funds may invest in financial instruments denominated in currencies other than their reporting currencies. Therefore, the Scheme and its constituent funds are exposed to currency risk that the exchange rate may change in a manner that has an adverse effect on the value of their assets and liabilities.

(a) Market risk (continued)

(i) Currency risk (continued)

The fluctuations in the rate of exchange between the currency in which the asset or liability is denominated and the functional currency could result in an appreciation or depreciation in the fair value of that asset or liability. The Investment Manager monitors all the Scheme's foreign currency positions on a daily basis. Except for BEA (Industry Scheme) Growth Fund, BEA (Industry Scheme) Balanced Fund, BEA (Industry Scheme) Stable Fund, BEA (Industry Scheme) Asian Equity Fund and BEA (Industry Scheme) RMB & HKD Money Market Fund, all other constituent funds are not subject to direct currency risk as their assets and liabilities are denominated in HKD which is their functional currency, or United States dollars ("USD") which is pegged to HKD.

Sensitivity analysis

BEA (Industry Scheme) Growth Fund's, BEA (Industry Scheme) Balanced Fund's, BEA (Industry Scheme) Stable Fund's, BEA (Industry Scheme) Asian Equity Fund's and BEA (Industry Scheme) RMB & HKD Money Market Fund's net direct exposure to each currency other than HKD or USD as at the reporting date and the estimated change to net assets attributable to members and the changes in net assets attributable to members from operations had the HKD weakened by 5% (2019: 5%) are illustrated below. The analysis is performed on the same basis as 2019.

As at 31 March

| | 20 | 20 | 2019 | | |
|--|--------------------------------|--|--------------------------------|--|--|
| DEA (Inchester Ochons) | Net direct exposure HK\$ | Estimated change had the HKD weakened by 5% HK\$ | Net direct exposure HK\$ | Estimated change had the HKD weakened by 5% HK\$ | |
| BEA (Industry Scheme) Growth Fund | | | | | |
| British Pound | 133,242,118 | 6,662,106 | 182,493,126 | 9,124,656 | |
| BEA (Industry Scheme) Balanced Fund | | | | | |
| British Pound | 52,986,600 | 2,649,330 | 72,143,079 | 3,607,154 | |
| BEA (Industry Scheme) Stable Fund | | | | | |
| British Pound | 44,684,300 | 2,234,215 | 66,860,515 | 3,343,026 | |
| BEA (Industry Scheme) Asian Equity Fund | | | | | |
| British Pound | 4,878,349 | 243,917 | 2,866,569 | 143,328 | |
| BEA (Industry Scheme) RMB & HKD Money Market Fund | | | | | |
| Renminbi | 58,590,713 | 2,929,536 | 59,704,434 | 2,985,222 | |

(a) Market risk (continued)

(i) Currency risk (continued)

Sensitivity analysis (continued)

As HKD is pegged to USD, BEA (Industry Scheme) Growth Fund, BEA (Industry Scheme) Balanced Fund, BEA (Industry Scheme) Stable Fund, BEA (Industry Scheme) Asian Equity Fund and BEA (Industry Scheme) RMB & HKD Money Market Fund do not expect any significant movement in USD/HKD exchange rate. A 5% appreciation of HKD against the above currencies would have resulted in an equal but opposite effect on the financial statements, on the basis that all other variables remain constant.

(ii) Interest rate risk

Interest rate risk arises from changes in interest rates which may inversely affect the value of a financial instrument and therefore result in a potential gain or loss to the Scheme and its constituent funds.

All constituent funds did not have any interest bearing liabilities as at year end and their interest bearing assets were limited to bank deposits only; accordingly it is considered that they did not have significant direct interest rate risk exposure.

The Investment Manager monitors the Scheme's direct exposure to interest rate risk on a regular basis.

(iii) Other price risk

Other price risk is the risk that the value of the instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or factors affecting all instruments traded in the market.

The breakdown of investments held by the Scheme and its constituent funds is shown in investment report.

The Scheme's market risk is managed through (i) deliberate securities selection and (ii) diversification of the investment portfolio. The Investment Manager monitors the Scheme's market position on a daily basis.

(a) Market risk (continued)

(iii) Other price risk (continued)

Sensitivity analysis

The Investment Manager projects the possible movement of the underlying benchmark indices (the "potential movement") based on historical experience. If the underlying benchmark indices had changed by the following percentages, which are based on the Investment Manager's best estimate of the potential movement as at the reporting date, with all other variables held constant, it is estimated that the net assets attributable to members and the changes in net assets attributable to members from operations would have changed accordingly as shown below. An equal change in the opposite direction would have changed the net assets attributable to members and the changes in net assets attributable to members from operations, by an equal but opposite amount. The analysis is performed on the same basis as 2019.

For BEA (Industry Scheme) MPF Conservative Fund and BEA (Industry Scheme) RMB & HKD Money Market Fund, as they only invest in short-term deposits which are not subject to other price risk, no sensitivity analysis is performed.

- * Inclusive of re-investment of dividends/coupons/other incomes

Changes in market index % are revised annually depending on the Investment Manager's current view of market volatility and other relevant factors.

(b) Credit risk

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. All sales of investments are settled on a delivery versus payment basis using approved brokers. The risk of default is considered minimal, as delivery of investments sold is only made when the Scheme's custodians have received payments.

For purchase, payments are made once investments have been received by the Scheme's custodians. The trade will fail if either party fails to meet their obligation.

The Investment Manager monitors the Scheme and its constituent funds' credit position on a regular basis. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of assets and liabilities.

At the reporting date, only BEA (Industry Scheme) MPF Conservative Fund and BEA (Industry Scheme) RMB & HKD Money Market Fund held short-term deposits as investments. The credit quality of these short-term deposits are expressed as a percentage of investments below:

BEA (Industry Scheme) MPF Conservative Fund

Portfolio by rating category of the issuer of short-term deposits

| Rating (S&P/Moody's) | 2020 | 2019 |
|--|---|---|
| AA-/Aa3 A+/A1 A/A2 A-/A3 BBB+/Baa1 | 9.44% 14.62% 26.80% 21.16% 18.73% | 14.92% 8.52% 41.57% 21.84% 13.14% |
| BBB/Baa2 Total | 9.25% | 0.00% |

BEA (Industry Scheme) RMB & HKD Money Market Fund

Portfolio by rating category of the issuer of short-term deposits

| Rating (S&P/Moody's) | 2020 | 2019 |
|----------------------|---------|---------|
| AA-/Aa3 | 8.02% | 9.02% |
| A+/A1 | 13.32% | 18.26% |
| A/A2 | 34.39% | 35.91% |
| A-/A3 | 19.09% | 18.56% |
| BBB+/Baa1 | 16.00% | 18.25% |
| BBB/Baa2 | 9.18% | 0.00% |
| Total | 100.00% | 100.00% |

(b) Credit risk (continued)

The Scheme and its constituent funds' investments are held by the custodians and the majority of the Scheme and its constituent funds' cash is deposited with The Bank of East Asia, Limited and The Bank of New York Mellon (the "Banks"). Bankruptcy or insolvency of the custodians and the Banks may cause to Scheme and its constituent funds' execution of their rights with respect to the assets held by the custodians and the Banks to be delayed or limited.

The Investment Manager monitors the credit quality of the custodians and the Banks on an on-going basis.

Other than the outlined above, there were no significant concentrations of credit risk at both 31 March 2020 and 2019.

Amounts arising from ECLs

Impairment on contributions receivables, interest receivables, other receivables, bank balances, amounts receivable on sale of investments, amounts receivable on subscriptions, interest, dividend and other receivables and prepayments has been measured on a 12-month expected loss basis and reflected the short maturities of the exposures. The Scheme and its constituent funds consider that these exposures have low credit risk based on the external credit ratings of the counterparties.

The Scheme and its constituent funds monitor changes in credit risk on these exposures by tracking published external credit ratings of the counterparties and perform on-going review of the counterparties. The Investment Manager considers the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. There is no impairment allowance recognized on contributions receivables, interest receivables, other receivables, bank balances, amounts receivable on sale of investments, amounts receivable on subscriptions, interest, dividend and other receivables and prepayments.

(c) Liquidity risk

Liquidity risk is the risk that the Scheme and its constituent funds will encounter difficulty in meeting obligations associated with financial liabilities.

The Scheme and its constituent funds' policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash and readily realisable investments to meet benefit payments and other liquidity requirements in the short and longer term.

The Scheme and its constituent funds invest the majority of assets in constituent funds, approved pooled investment funds and/or approved index-tracking collective investment schemes that could be readily converted into cash to meet its liquidity requirement.

As at 31 March 2020 and 2019, all the financial liabilities of the Scheme and its constituent funds are repayable on demand or due within three months.

9 Transactions with related parties

The following is a summary of transactions with related parties during the year. All transactions were entered into during the ordinary course of business and under normal commercial terms.

(a) Sponsor's fees

Sponsor's fees as described in the financial statements correspond to management fees of constituent funds as stated in the MPF Scheme Brochure of the Scheme.

The Sponsor, The Bank of East Asia, Limited, is entitled to receive a Sponsor's fees, which are inclusive of the fees payable to the Trustee and the Investment Manager and the Sponsor will pay the fees of the Trustee and Investment Manager out of its own fee. The Sponsor may share any fees it receives with distributors or agents procuring subscriptions to the Scheme. The fees payable to the Trustee are inclusive of administration and custody fees payable to the Trustee in its capacity as the Administrator and Custodian (but, exclusive of fees payable to sub-custodians which will be paid from the assets of the Scheme). The fee is calculated and accrued on each valuation day and payable monthly in arrears.

The breakdown of Sponsor's fees payable out of the constituent funds is as follows:

| | | Trustee/ | | |
|--|---------------|----------------|---------------|----------------|
| | | Administrator/ | Investment | |
| | Sponsor (3) | Custodian (3) | Manager (3) | Total (p.a. of |
| Name of Constituent Fund | (p.a. of NAV) | (p.a. of NAV) | (p.a. of NAV) | NAV) |
| BEA (Industry Scheme) MPF Conservative Fund ⁽¹⁾ | 0.03% | 0.45% | 0.31% | 0.79% |
| BEA (Industry Scheme) Growth Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA (Industry Scheme) Balanced Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA (Industry Scheme) Stable Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA (Industry Scheme) Greater China Equity Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA (Industry Scheme) Hong Kong Equity Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA (Industry Scheme) Asian Equity Fund | 0.44% | 0.45% | 0.31% | 1.20% |
| BEA China Tracker Fund | 0.03% | 0.26% | 0.31% | 0.60% |
| BEA Hong Kong Tracker Fund | 0.03% | 0.26% | 0.31% | 0.60% |
| BEA (Industry Scheme) RMB & HKD Money Market Fund | 0.03% | 0.45% | 0.31% | 0.79% |
| BEA (Industry Scheme) Age 65 Plus Fund ⁽²⁾ | 0.295% | 0.295% | 0.16% | 0.75% |
| BEA (Industry Scheme) Core Accumulation Fund ⁽²⁾ | 0.295% | 0.295% | 0.16% | 0.75% |

- (1) For BEA (Industry Scheme) MPF Conservative Fund, the Sponsor's fee is only deducted when the net investment return exceeds the prescribed savings rate prescribed by the Mandatory Provident Fund Schemes Authority. The maximum amount deducted must not exceed the excess between the net investment return and the prescribed savings rate subject to a maximum fee equal to 0.79% per annum of the net asset value of the constituent fund.
- (2) For BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund, Sponsor's fees payable can only be charged as a percentage of the net asset value of the fund. These Sponsor's fees are also subject to a statutory daily limit of 0.75% per annum of the net asset value of the relevant constituent fund which applies across both the constituent fund and the underlying funds.
- (3) The fees payable to the Trustee are for its trustee and administrative functions, while the fees payable to the Investment Manager are for its investment management functions. As for the Sponsor, its fees are for its services related to product support, dissemination of MPF marketing materials and product development activities.

(a) Sponsor's fees (continued)

The Sponsor's fees charged for the year are disclosed in the statement of comprehensive income. As at 31 March, the Sponsor's fees payable were as follows:

| | 2020 HK\$ | 2019 HK\$ |
|---|--------------|--------------|
| BEA (Industry Scheme) Growth Fund | 2,614,208 | 2,714,923 |
| BEA (Industry Scheme) Balanced Fund | 1,657,892 | 1,676,333 |
| BEA (Industry Scheme) Stable Fund | 2,704,685 | 2,611,959 |
| BEA (Industry Scheme) Greater China Equity Fund | 418,127 | 393,604 |
| BEA (Industry Scheme) Hong Kong Equity Fund | 391,049 | 388,103 |
| BEA (Industry Scheme) Asian Equity Fund | 167,525 | 158,243 |
| BEA China Tracker Fund | 43,174 | 42,874 |
| BEA Hong Kong Tracker Fund | 46,939 | 44,203 |
| BEA (Industry Scheme) RMB & HKD Money Market Fund | 80,083 | 68,206 |
| BEA (Industry Scheme) Age 65 Plus Fund | 285,250 | 245,627 |
| BEA (Industry Scheme) Core Accumulation Fund | 577,224 | 442,167 |

(b) Investment management fees

No separate investment management fees are charged as they are paid out of the Sponsor's fees.

(c) Trustee/Administrator/ Custodian fees

No separate trustee/ administrator/ custodian fees are charged as they are paid out of the Sponsor's fees.

(d) Bank balances

As at 31 March 2020, the Scheme and its constituent funds placed bank deposits amounted to HK\$20,792,397 (2019: HK\$25,175,582) and HK\$355,574,781 (2019: HK\$426,240,729) respectively with The Bank of East Asia, Limited, the holding company of the Trustee. The interest income arising from these accounts during the year amounted to HK\$2,233,933 (2019: HK\$2,215,637) and HK\$285,424 (2019: HK\$201,178) respectively. Bank charges incurred are not disclosed as the Trustee considers the amounts immaterial.

(e) Investments

As at year end, the following constituent funds of the Scheme invested in approved-pooled investment funds, managed by the Investment Manager and entrusted by the Trustee:

| | BEA (Industry Scheme) Growth Fund | |

| | 65,069,395 | 65,069,395 | 92,250,777 | 92,250,777 |

Interest income derived from short-term deposits during the year ended 31 March 2020 amounted to HK\$1,511,590 (2019: HK\$1,967,827).

(f) Brokerage commission

No brokerage commission was paid to brokers who are associates or delegates of the Trustee or Investment Manager during the years ended 31 March 2020 and 2019.

10 Transactions with associates

All the transactions with associates as defined in the Hong Kong Mandatory Provident Fund Schemes Ordinance and the "Guidelines on Annual Statements of Registered Schemes" Annex C section I(D)(2) issued by the MPFA have been included in transaction with related parties as set out in note 9.

11 Contributions received and receivable

Mandatory contributions for both the employers and members are equal to 5% of the members' relevant income up to HK\$30,000 per month but in respect of members earning less than HK\$7,100 per month, the members' mandatory contribution is nil.

Self-employed persons must contribute 5% of their relevant income subject to a maximum contribution of HK\$1,500 per month to the Scheme unless their relevant income is less than HK\$7,100 per month.

Any contributions made to the Scheme by the employers or members in excess of their mandatory contributions are voluntary contributions (including tax deductible voluntary contributions effective from 1 April 2019). The maximum tax deductible limit per year of assessment for tax deductible voluntary contributions in the year of assessment 2019/2020 is HK\$60,000.

The Employee Choice Arrangement (the "ECA") has been launched by the MPFA with effect from 1 November 2012. The ECA allows members to opt to transfer the member's portion of the mandatory contributions and investment returns (i.e. the accrued benefits) in their contribution accounts to an MPF trustee and scheme of their own choice once a year. Alternatively, members do not have to make any change. They can retain the accrued benefits in the original MPF scheme selected by their employers.

12 Benefits paid and payable

Members will become entitled to benefits in respect of mandatory contributions and tax deductible voluntary contributions (effective from 1 April 2019) to the Scheme in the circumstances set out in the MPF Ordinance. Currently, these circumstances include where the members (i) reach the age of 65; (ii) permanently cease employment or self-employment, after reaching the age of 60 or cease employment or self-employment as a result of total incapacity; (iii) have a terminal illness; (iv) permanently depart from Hong Kong; (v) die or (vi) have the right to claim a small balance pursuant to the MPF Ordinance.

Members will become entitled to benefits in respect of contractual voluntary contributions to the Scheme in the circumstances set out in the Trust Deed and the relevant participation agreement.

13 Bank loans, overdrafts and other borrowings

The Scheme and its constituent funds had no bank loans, overdrafts and other borrowings as at 31 March 2020 and 2019.

14 Taxation

The Scheme is registered under the MPF Ordinance and is therefore a recognised scheme for the purposes of Hong Kong Profits Tax. The policy of the Hong Kong Inland Revenue Department ("IRD"), as set out in IRD Practice Note No. 23 is that "recognised retirement schemes and their trustees are not considered to be subject to profits tax on their investment income". Accordingly, no provision for Hong Kong Profits Tax has been made in the Scheme's financial statements.

Non-recoverable overseas withholding tax was charged on certain dividend received during the year.

15 Soft commission arrangements

During the year ended 31 March 2020, the Investment Manager and its delegates did not enter into any soft commission arrangements with brokers relating to dealings in the assets of the Scheme and its constituent funds (2019: HK\$Nil).

16 Security lending arrangements

During the year ended 31 March 2020, the Scheme and its constituent funds did not enter into any security lending arrangements (2019: HK\$NiI).

17 Negotiability of assets

As at 31 March 2020, there were no statutory or contractual requirements restricting the negotiability of the assets of the Scheme and its constituent funds (2019: HK\$NiI).

18 Commitments

As at 31 March 2020, the Scheme and its constituent funds had no commitments (2019: HK\$NiI).

19 Contingent liabilities and capital commitment

As at 31 March 2020, there were no contingent liabilities or capital commitments outstanding for the Scheme and its constituent funds (2019: HK\$NiI).

20 Marketing expenses

During the year ended 31 March 2020, there have been no advertising expenses, promotional expenses or commissions or brokerage fees paid and payable to the MPF intermediaries deducted from the Scheme and its constituent funds (2019: HK\$Nil).

21 Segment information

The CODM makes the strategic resource allocation on behalf of the Scheme and determines the operating segments based on the internal reporting used to make strategic decisions. The CODM's asset allocation decisions for the Scheme are based on the investment objective, investment strategy and the performance of each constituent fund. Accordingly the CODM considers that the Scheme has 12 operating segments. The investment objectives and the investment portfolios of the constituent funds are presented in the investment report. Other segmental information of the constituent funds are presented in these financial statements.

The internal reporting provided to the CODM is the same as that disclosed in these financial statements.

22 Involvement with unconsolidated structured entities

The Scheme has concluded that approved pooled investment funds and approved indextracking collective investment schemes in which its constituent funds invest but are not consolidated by the constituent funds meet the definition of structured entities because:

- the voting rights in the investment funds are not dominant rights in deciding who controls them as they relate to administrative tasks only;
- each investment fund's activities are restricted by its prospectus; and
- the investment funds have narrow and well-defined objectives to provide investment opportunities to investors.

The table below describes the types of structured entities that the constituent funds do not consolidate but in which they hold an interest.

| Type of structured entity | Nature and purpose | Interest held by the constituent funds |
|---------------------------|--|---|
| Type of eliablated entity | rvatare and purpose | Tarras |
| Investment funds | To invest on behalf of third party investors | Investments in units issued by the investment |
| | These vehicles are financed through the issues of units to investors | funds |

The table below sets out interests held by the constituent funds in unconsolidated structured entities. The maximum exposure to loss is the carrying amount of the financial assets held by the constituent funds.

As at 31 March 2020

| | Number of investee funds | Total net assets HK\$ (in millions) | Carrying amount included in "Investments" HK\$ (in millions) |
|---|--------------------------------|--|---|

During the year, the constituent funds did not provide financial support to unconsolidated structured entities and have no intention of providing financial or other support.

The constituent funds can redeem units in their investment funds on a daily basis.

23 Payments charged to default investments strategy constituent funds or scheme members who invest in the constituent funds

BEA (Industry Scheme) Age 65 Plus Fund and BEA (Industry Scheme) Core Accumulation Fund are designated as default investment strategy ("DIS") constituent funds with effect from 1 April 2017. Payments for services, out-of-pocket expenses and other payments charged to the DIS constituent funds are disclosed below. Payments for services and out-of-pocket expenses are those defined in the MPF Ordinance.

During the year ended 31 March 2020

| | | BEA (Industry Scheme) Age 65 Plus Fund HK\$ | BEA (Industry Scheme) Core Accumulation Fund HK\$ |
|-----|--|--|---|
| (a) | Payments for services | | |
| | Sponsor's fees | 3,156,808 | 6,374,350 |
| | Total payments for services | 3,156,808 | 6,374,350 |
| (b) | Out-of-pocket expenses | | |
| | Professional indemnity insurance Auditor's remuneration Legal and other professional fees Printing and postage expenses Fund price publication expenses Miscellaneous expenses Total out-of-pocket expenses | 11,585 53,671 1,136 173,913 14,594 10,487 | 21,130 53,672 2,328 329,642 14,594 10,487 431,853 |
| (c) | Payments other than (a) and (b) above | | |
| | Total payments | 3,422,194 | 6,806,203 |
| | Out-of-pocket expenses expressed as a percentage of net asset value of the DIS constituent funds | 0.063% | 0.050% |

The net asset value used for calculating the percentage is the average of the net asset value of the DIS constituent funds as at the last dealing day of each month during the year ended 31 March 2020.

23 Payments charged to default investments strategy constituent funds or scheme members who invest in the constituent funds (continued)

During the year ended 31 March 2019

| | | BEA (Industry Scheme) Age 65 Plus Fund HK\$ | BEA (Industry Scheme) Core Accumulation Fund HK\$ |
|-----|--|--|---|
| (a) | Payments for services | · | · |
| | Sponsor's fees | 2,678,654 | 4,359,578 |
| | Total payments for services | 2,678,654 | 4,359,578 |
| (b) | Out-of-pocket expenses | | |
| | Professional indemnity insurance Auditor's remuneration Printing and postage expenses Fund price publication expenses Miscellaneous expenses Total out-of-pocket expenses | 10,184 54,509 99,342 14,594 5,487 | 14,710 54,510 155,149 14,594 5,487 |
| (c) | Payments other than (a) and (b) above | <u></u> | |
| | Total payments | 2,862,770 | 4,604,028 |
| | Out-of-pocket expenses expressed as a percentage of net asset value of the DIS constituent funds | 0.051% | 0.041% |

The net asset value used for calculating the percentage is the average of the net asset value of the DIS constituent funds as at the last dealing day of each month during the year ended 31 March 2019.

24 Non-adjusting event after the reporting period

In early 2020, the global commercial activities were impacted by the emergence and rapid spread of the novel Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization ("WHO") on 11 March 2020. Disruptions caused by the COVID-19 pandemic are impacting the global economy, which has resulted in significant volatility in financial markets worldwide. The effect of COVID-19 remains an emerging and rapidly evolving issue, leading to a high degree of volatility and uncertainty. The Trustee has made an assessment of the impact of COVID-19 and was not aware of any material financial impact to the Financial Statements as at 31 March 2020 as a result of this subsequent event. The Trustee will continue to remain alert to the development of the COVID-19 outbreak and closely monitor its impact on the service providers of the Scheme based on existing business continuity measures.

Other than those disclosed above, no subsequent events have occurred that would require adjustment or disclosure and have a material effect on the Financial Statements as at 31 March 2020.

25 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2020

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments and new standards which are not yet effective for the year ended 31 March 2020 and which have not been adopted in these financial statements. These include the following which may be relevant to the Scheme and its constituent funds.

Effective for accounting periods beginning on or after

Amendments to HKAS 1 and HKAS 8. Definition of material

1 January 2020

The Trustee is in the process of making an assessment of what the impact of these amendments, new standard and interpretations is expected to be in the period of initial application. So far the Trustee has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.
