This refers to the position under the Banking (Capital) Rules in force on 31 December 2012.

At 30th June, 2017

Notes to the template:

	Other intangible assets (net of associated deferred tax liability)	15	1				
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage serv limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specifies is required to follow the accounting treatment of including MSRs as part of intangible assets reported in the Al's MSRs in full from CET1 capital. Therefore, the amount to be deducted as reported in row 9 may be greater than amount reported under the column "Basel III basis" in this box represents the amount reported in row 9 (i.e. the Kong basis") adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% th aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected comp	d threshold). In Ho financial statemen that required und amount reported u reshold set for MS CET1 capital instr	ong Kong, an A lats and to dedu ler Basel III. T under the "Hon iRs and the ruments issued				
_	Deferred tax assets net of deferred tax liabilities	853	1				
	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an Al if full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 under Basel III.	limited recognition s required to dedu	in CET1 capit ct all DTAs in				
The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in exces the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from tempo differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities other credit exposures to connected companies) under Basel III.							
	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0					
8	Explanation For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an Al is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the Al in the capital instruments of the financial sector entity, except where the Al demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the Al's business.						
	Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the Al's connected companies which were subject to deduction under the Hong Kong approach.						
	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0					
19	Explanation For the purpose of determining the total amount of significant capital investments in CET1 capital instruments issued by financial sector entities, an Al is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the Al in the capital instruments of the financial sector entity, except where the Al demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the Al's business.						
	Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. 7 column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the excluding the aggregate amount of loans, facilities or other credit exposures to the Al's connected companies wounder the Hong Kong approach.	"Hong Kong basi	s") adjusted b				
	Insignificant capital investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0					
39	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in AT1 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 39 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the Al's connected companies which were subject to deduction under the Hong Kong approach.						
	Insignificant capital investments in Tier 2 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation	0					
54	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 54 may be greate. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 54 (i.* "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to	w 18 to the templa capital investmen r than that required the amount repo	te above) will ats in Tier 2 d under Basel arted under the
