- 5.26 The Customer acknowledges that all Instructions transmitted to BEA through any electronic channel shall not be considered as having been received and executed by BEA until BEA has received and executed such Instructions in a manner prescribed by BEA from time to time.
- 5.27 The Customer acknowledges that transactions involving any transfer of funds between any Sub-accounts or Related Account, or Designated Service Account, or payment Instructions on any day may at BEA's sole discretion be processed to the said accounts concerning the transfer of funds or payment Instructions on the day of the Transaction or the next Business Day. In the case of any Transactions involving the transfer of funds to other bank's account or any Third Party Account, the Receiving Bank may credit the funds received to the payee's accounts at different times and BEA is not responsible as to when the transferred funds will actually be credited to the payee's accounts. Where funds are received from the Paying Bank for the Customer's account, BEA will credit the funds to the Customer's account in accordance with BEA's practice from time to time. BEA has the right at any time to reverse any credit to the Customer's account if the Paying Bank fails for any reason to make payment to BEA.
- 5.28 Cyberbanking can be used for fund transfer/payment Transactions if there are sufficient funds in the Account, Related Account(s) and/or Designated Service Account. If the transfer/payment Transaction is made without sufficient funds in the account(s), BEA is not obliged to effect any such transfer/payment Transaction and is entitled to refuse to effect such transfer/payment Transaction, with or without cause, without incurring any liability whatsoever and without prior notice to the Customer. If BEA agrees to effect such transfer/payment Transaction, the Customer shall repay to BEA immediately on demand such amount overdrawn or over transferred together with interest thereon at the rate chargeable by BEA from time to time on overdraft accounts with BEA and other liabilities thereby created.
- 5.29 The amounts that the Customer shall be permitted to transfer through Cyberbanking shall be limited to the individual and the aggregate daily limits including but not limited to the withdrawal and deposit transaction limits expressed in HKD or its equivalent as published by BEA from time to time. BEA shall have the right to impose such restrictions as BEA thinks fit for the efficient operation of Cyberbanking or for any other reason.
- 5.30 The Customer irrevocably authorises BEA to debit the Account, Related Account(s) and/or Designated Service Account with the amount of any transfer/payment Transaction effected through Cyberbanking and BEA is entitled to act on such transfer/payment Transaction Instruction without obtaining any further written or other confirmation from the Customer, notwithstanding that such transfer/payment Transaction Instruction is not given or authorised by the Customer. Subject to Clause 5.25 of the Bank Product and Service Conditions, the Customer agrees and accepts full and

sole responsibility for all consequences, losses and/or liabilities incurred as a result of such transfer/payment Transaction, whether given or authorised by the Customer or not and shall fully indemnify BEA and keep BEA fully indemnified against all or any Losses by reason of the effect of such transfer/payment Transaction.

- 5.31 BEA will not assume any responsibility or obligation for any Transaction or error arising out of failure of the Customer to provide or input sufficient or accurate data to enable any Transaction to be effected through Cyberbanking.
- 5.32 The Customer understands and acknowledges that Cyberbanking is provided as an additional service in relation to banking transactions with BEA and shall not be considered as a substitute for other method(s) of effecting banking transactions. In the event that Cyberbanking is not available for any reason whatsoever (whether or not within the control of BEA), the Customer shall have no claim whatsoever against BEA and shall use other available means to effect banking transactions.
- 5.33 The Customer agrees to the disclosure or transfer of personal data in respect of the Account(s), Transactions and dealings with BEA, the mobile phone service providers and of other third party engaged in any Transaction or providing any service in respect of the Cyberbanking between any one or more of such entities and their subsidiaries, group members and agents thereof whether in or outside Hong Kong in connection with the provision of the Cyberbanking.
- 5.34 BEA shall endeavour to take all steps as far as reasonably practicable to ensure that information made available by Cyberbanking is correct and updated at regular intervals. The Transaction details and balances of the Account(s) and Related Account(s) as shown in the Customer's terminal or any print-out are for reference only. Those Transaction details and account balances as recorded in BEA's system will be conclusive. The Customer agrees and confirms that BEA shall not be held liable for or in connection with the accuracy of all the information received by the Customer through Cyberbanking.
- 5.35 BEA shall not be liable for any damage to the Customer's computer terminal or equipment or related facilities or any loss or corruption of the Customer's data in connection with the operation of Cyberbanking. BEA shall not in any event be liable for any indirect, special, incidental or consequential damages arising from or in connection with the provision of Cyberbanking.
- 5.36 The Customer agrees to pay any and all of the fees and/or charges, which BEA may charge from time to time in connection with the provision and/or use of Cyberbanking and/or Digital Certificate by the Customer. BEA may at any time without obtaining consent from the Customer set-off or transfer any monies standing to the credit of any of bank accounts of whatsoever description (including but not limited to current, savings, fixed or call deposit accounts) towards discharge of all sums due to BEA or arising out of the use of Cyberbanking. The Customer hereby confirms that BEA shall in no event be liable for any loss or damage or consequence including but not limited to, the dishonour of any Transaction involving the use of Cyberbanking or the levying of any overdraft interest due to insufficient credit balance of the Account(s) and Related Account(s), which may be incurred or suffered by the Customer as a result of, or arising from the charge levying from the account by BEA. The Customer hereby further waives his rights, if any, against BEA of

the aforesaid liabilities, if any, and confirms that the Customer shall be solely liable for such liabilities.

- 5.37 The Customer understands that due to unpredictable traffic congestion, openness and public nature of the internet and other reasons, the internet may not be a reliable medium of communication and that such unreliability is beyond the control of BEA. This may subject Transactions to delays in transmission, incorrect data transmission, delays in execution or execution of Instructions at prices different from those prevailing at the time Instructions were given, misunderstanding and errors in any communication between BEA and the Customer, transmission blackouts, interruptions and so on.

6. Card

- 6.1 The Customer (herein referred to as the "Cardholder") who has been issued with the Card can use such Card on any one of the Automated Teller Machines ("ATM") installed by or belonging to BEA or, at the Bank's discretion, any Member Bank of the JETCO and PLUS or UnionPay ATM Network ("Member Bank"), and/or any other devices or terminals for effecting payment by transfer of funds by electronic means, including but not limited to point of sale terminals ("POST") or otherwise from time to time announced by BEA.
- 6.2 The Card is and shall at all times be the property of BEA and BEA reserves the right at all times at its absolute discretion to terminate the Terms with the Cardholder by withdrawal of the Card or the service thereby provided, or by refusing to renew the Card without giving any reason therein and without any prior notice to the Cardholder. The Cardholder shall surrender the Card to BEA immediately upon BEA's demand on the occurrence of any one of the said events.
- 6.3 The Card shall only and exclusively be used by the Cardholder and is not transferable.
- 6.4 The Cardholder shall at no time and in no circumstances disclose to any person whomsoever his PIN designated for operating the ATM of BEA or the ATM of any other Member Bank and/or POST. Notwithstanding the foregoing, the Cardholder shall be fully responsible for all Transactions involving the use of any Card by any person whomsoever whether or not authorised by the Cardholder.
- 6.5 If the Cardholder shall consist of more than one person, each and every one of the Cardholder shall be jointly and severally responsible for all Transactions involving the use of the Card so issued and the Terms shall be jointly and severally binding on each and every one of the Cardholder.
- 6.6 The Card shall be used for withdrawal or transfer at ATM of BEA or any other Member Bank and/or POST only if there are sufficient funds in the Sub-account(s) to which the card relates. If withdrawal or transfers is made without sufficient funds in the Account(s), to which the Card relates BEA is not obliged to effect any such withdrawal or transfer and is entitled to refuse to effect such withdrawal or transfer, with or without cause, without incurring any liability whatsoever and without prior notice to the Cardholder. If BEA agrees to effect such withdrawal or transfer, the Cardholder shall repay to BEA immediately on demand such amount overdrawn or over transferred together with interest thereon at the rate chargeable by BEA from time to time on overdraft accounts with BEA. The Cardholder hereby agrees to indemnify BEA and keep BEA fully indemnified against all or any

Losses arising from or relating to the Cardholder's making withdrawals or effecting transfer of funds from the Account(s) held with BEA by using the Card and the ATM or POST, unless any of the Losses arises out of BEA's negligence, fraud or wilful default.

- 6.7 The Cardholder acknowledges that Transactions involving any transfer of funds between any Sub-accounts through an ATM and/or POST on any day may at BEA's sole discretion be processed on the day of the Transaction or on the next Business Day. In the case of any Transactions involving the transfer of funds to other bank's account or any Third Party Account, the Receiving Bank may credit the funds received to the payee's accounts at different times and BEA is not responsible as to when the transferred funds will actually be credited to the payee's accounts. Where funds are received through an ATM and/or POST from the Paying Bank for the Cardholder's account, BEA will credit the funds to the Cardholder's account in accordance with BEA's practice from time to time. BEA has the right at any time to reverse any credit to the Cardholder's account if the Paying Bank fails for any reason to make payment to BEA.
- 6.8 The records of BEA and/or any other Member Bank and/or any other institutions in relation to any Transactions made by the use of the Card on any ATM and/or POST shall in all respects be conclusively binding on the Cardholder for all purposes. If the Cardholder has any question, problem or dispute in relation to any Transactions involving the use of the Card, the Cardholder must look to BEA for answers to such questions or for resolution of such problems or disputes.
- 6.9 Cash and/or cheque(s) in Hong Kong currency may be deposited with BEA by the use of the Card and the ATM of BEA provided the Cardholder agrees that:
- (a) envelope cash deposits shall be treated as having been received by BEA and will be credited to the Cardholder's account only after verification by BEA (such verification may not take place on the same day), and before the same is credited to the Cardholder's account as aforesaid, the Cardholder cannot withdraw or utilise the same;
 - (b) cheques deposited are accepted for collection only, the proceeds will not be credited to the Cardholder's account and be available for withdrawal or transfer until after the cheques have been duly cleared. Such collection of cheques may not take place on the same day as the deposit of cheques;
 - (c) the Customer advice(s) issued by the ATM in respect of the acceptance of such deposit(s) represents only what the Cardholder has purported to have deposited with BEA by the use of the Card and the ATM and shall in no way and under no circumstances bind BEA as to its/their validity and correctness as to the amount so deposited, which is subject to the verification by BEA;
 - (d) the Cardholder shall indemnify BEA and keep BEA fully indemnified against all or any Losses arising from or relating to the Cardholder's making deposits with BEA by using the Card and the ATM, unless any of the Losses arises out of BEA's negligence, fraud or wilful default;
 - (e) deposit of foreign currency notes and cheques by use of the Card and the ATM is not permitted and BEA will not be responsible for the consequences of any attempts to deposit such items;
 - (f) deposit of coins by the use of the Card and the ATM is not allowed; and

- (g) instant cash deposits will be credited to Cardholder's account instantly if the transaction is accepted but BEA reserves the right to verify and reverse such transaction.
- 6.10 The Cardholder irrevocably authorises BEA to debit, without any prior notice to the Cardholder, the account of the Cardholder with BEA the amount of any withdrawal, transfer and/or Transaction involving the use of the Card at the ATM of BEA or the ATM of any other Member Bank and/or POST whether or not made with his knowledge or by his authority on receipt by BEA of the transfer request. In case of fund transfer to any other bank's account or Third Party Account, BEA is not responsible in any circumstances to recover any amount paid to the Receiving Banks, unless due to the negligence, fraud or wilful default of BEA and is not responsible if any Receiving Bank fails for any reason to pay the transferee.
- 6.11 In the event of loss or theft of the Card, the Cardholder shall immediately report to BEA and confirm the same in writing, if requested by BEA. The Cardholder shall be responsible for all Transactions effected by the use of the Card by any person whether or not authorised by the Cardholder before such written notification of Card loss or theft has been received by BEA. If any replacement Card is issued, BEA is entitled to charge a fee. BEA may from time to time in its sole discretion determine the fee for the replacement of the Card which shall be debited from the designated Sub-account to which the Card relates.
- 6.12 The Card and the related PIN are issued and delivered to the Cardholder at his own risk.
- 6.13 For any Transaction carried out in any currency other than Hong Kong currency, BEA shall have complete discretion to convert such foreign currency by any lawful means at BEA's disposal and at BEA's prevailing Exchange Rate without reference to or consent from the Cardholder.
- 6.14 BEA and/or any Member Bank and/or any other institutions shall not be responsible for any and all consequences, if the Transactions involving the use of the Card are not honoured or operative for any reason whatsoever or if there is any malfunctioning and/or failure of the ATM and/or POST.
- 6.15 BEA shall be entitled from time to time to impose any limit and/or restriction whether in amount or otherwise on the use of the Card. If a Transaction made by the Cardholder exceeds such limit or use, BEA is not obliged to effect such withdrawal or transfer and is entitled to refuse or reject to effect such withdrawal or transfer, without incurring any liability whatsoever and without prior notice to the Cardholder.
- 6.16 BEA hereby reserves all rights to charge a fee for the use of the Card and such fee shall be at such rate and for such period and payable in such manner as BEA may announce from time to time.
- 6.17 BEA shall be entitled to charge and the Cardholder hereby agrees to pay an annual fee for the Card. BEA may from time to time in its absolute discretion determine the annual fee for the use of the Card. Such annual fee is payable in advance and shall be debited automatically from the designated Sub-account to which the Card relates. Any amendment and change will be announced by BEA from time to time in such manner as it deems fit. All such fees shall not be refundable irrespective of cancellation of the Card whether by the Cardholder or by BEA. The Cardholder hereby confirms that BEA shall in no event be liable for any loss or damage or consequence including but not limited to, the dishonour of any Transaction involving the use of

the Card or the levying of any overdraft interest due to insufficient credit balance of the Sub-account to which the Card relates, which may be incurred or suffered by the Cardholder as a result of, or arising from the levying and automatic debiting of any annual fee from the designated account. The Cardholder hereby further waives his rights, if any, against BEA of the aforesaid liabilities, if any, and confirms that the Cardholder shall be solely liable for such liabilities.

- 6.18 Without prejudice to the generality of Clause 26.2, 26.3 and 26.4 of the General Terms and Conditions, the Cardholder agrees that BEA may contact his employer, banks, or other information sources to obtain, collect, hold, store, use, exchange and disclose details of information, provided by/or related to the Cardholder or any Transactions or dealings between them/ or personal data without prejudice to the generality of the foregoing. Data held by BEA relating to the Cardholder will be kept confidential but BEA may disclose any such details or information as above to any member banks and to any third party service provider whose name or logo appear on the Card. Such transfers are necessary to ensure international acceptability and efficient provision of the services of the Card. BEA may also compare the information collected about the Cardholder and may use the results of such comparisons for the purpose of taking any action including action which may be adverse to the interest of the Cardholder in connection with denying authorisation for use of the Card or cancellation of the Card or collection of amounts outstanding in respect of the Card.
- 6.19 BEA shall not be liable for any act or omission of any merchant shop or establishment including, without limitation, any refusal to honour or accept the use of the Card or any statement or other communication made or any dispute defect or deficiency in any goods or services supplied in connection with the use of the Card. The Cardholder shall handle or resolve all claims or disputes directly with such merchant shop or establishment and no such claim or dispute shall affect or entitle the Cardholder to revoke challenge or vary any transfer or payment effected.
- 6.20 The Cardholder's use of the Card shall at all times be subject to all the terms and conditions currently enforced for the time being imposed by BEA. The Cardholder may at any time return the Card to BEA by cutting the Card in half and returning the pieces to BEA whereupon on actual receipt by BEA of the pieces of the Card, the Card shall be cancelled.
- 6.21 The Cardholder acknowledges that fund transfers to Third Party Accounts involve risks, for example, in the event of payments to unauthorised Third Party Accounts.
- 6.22 If a Receiving Bank is in default in the interbank settlement before the Cardholder's payment has been made to it, the payment would not be made and the debit entry in the Cardholder's account would accordingly be reversed.
- 6.23 ATM services of the Card within or outside Hong Kong are subject to the respective daily transaction limits as determined by BEA or set by the Cardholder through BEA (whichever is lower in each case) and the scope of services as determined by BEA from time to time.

- (b) In effecting any Instruction for selling Securities, BEA is authorised to appropriate and apply the relevant quantity of the appropriate Securities from the pool of Securities of the Customer deposited with BEA (whether registered in the name of BEA Nominee or not) so as to enable BEA to complete the sale pursuant to the relevant Instruction.

Without prejudice to the foregoing, if the Payable Amount is not received by BEA on or before the settlement date of the relevant Transaction for purchase of Securities or subscription or conversion of Unit Trusts, BEA is hereby authorised to transfer, sell or redeem any Securities or Unit Trusts in the Securities Account (including the purchased Securities and the Unit Trusts subscribed for or converted) in such manner and on such terms as it deems fit to satisfy the same.

- (b) The Customer agrees that he shall not, commencing from the date of giving an Instruction to purchase Securities or subscribe for or convert Unit Trusts until BEA is satisfied that the Payable Amount is no longer required for discharging any money liable to be paid by the Customer in connection with the relevant Instruction, withdraw or cause to be withdrawn any amount from the Settlement Account such that the credit balance in such Settlement Account will become lower than the relevant Payable Amount.
- (c) For the purpose of assessing the Payable Amount, BEA may rely on such guidelines as it may determine from time to time and BEA shall have the discretion to adjust the Payable Amount from time to time.

7.21 Payments

All sums to be payable by the Customer hereunder shall be paid on the relevant due dates or on demand by BEA in immediately available and freely transferable funds in the relevant currency on the relevant due dates for payment. All such payments shall be made in full without set-off or counter-claim and free and clear of and without any deductions or withholdings for or on account of any present or future taxes, imposts, duties

or other withholdings or deductions of any nature whatsoever. Provided that if any payment to be made to BEA is subject to any deduction, tax or other withholdings (other than tax on BEA's income), then the Customer will forthwith pay to BEA such additional amount(s) as may be necessary to ensure that BEA's receipt is equivalent to the amount which BEA would otherwise have received had there been no such deduction, tax or withholding.

7.22 Investment Decision

The Customer further confirms and acknowledges that:

- (a) no advice is given by BEA in relation to dealings in Securities or Unit Trusts by the Customer and no observation or statement given by any of BEA's officers, employees or agents, whether or not made at the request of the Customer, is to be taken as advice of any nature nor is the same intended to be relied on by the Customer; and
- (b) the Customer's decision from time to time to subscribe for, purchase, convert, sell, repurchase or redeem Securities or Unit Trusts shall be based on the Customer own analysis and review of all relevant documents and the Customer's own knowledge of the securities and unit trust market and the mechanisms thereof and risks appurtenant thereto.

7.23 Operation of Account

- (a) BEA is authorised, notwithstanding any other agreements or arrangements between the Customer and BEA relating to the Securities Account or the Settlement Account or otherwise:
 - (i) to refuse to honour any cheque or other payment drawn or debited against the Settlement Account or to delay in taking any such action, during any period commencing from the date of receiving any Instruction for purchase of Securities or subscription for or conversion of Unit Trusts until BEA is satisfied that the relevant Payable Amount is no longer required for discharging any money liable to be paid by the Customer in connection with the relevant Instruction, if the same will result in the credit balance of the Settlement Account becoming lower than the relevant Payable Amount;
 - (ii) to withdraw or deduct sufficient amount from the Settlement Account and apply the same towards settlement of any money payable by the Customer in relation to the Securities Investment Services and the Unit Trust Investment Services including but not limited to any fees, purchase money, commissions, stamp duties, bank charges, transfer fees, registration fees, exchange and other levies, interest and any other expenses.

11. Currency/Indices/Equity/Asset Linked Deposit Services

11.1 Introduction

- (a) The Customer (but not any Authorised Person of an Account (not being a sole proprietorship, partnership or trust account) held by individual(s) (whether singly or jointly with others), unless otherwise agreed by BEA) may from time to time request BEA to accept to establish an Asset Linked Deposit from the Customer. BEA may, but is not obliged to, accept any such request from the Customer on such terms as BEA in its sole discretion thinks fit. Acceptance may be effected by oral agreement between BEA and the Customer or by BEA sending to the Customer a Confirmation.
- (b) For the avoidance of doubt, a binding contract between BEA and the Customer in respect of a Linked Deposit is formed upon acceptance by BEA of a request in respect of that Linked Deposit from the Customer. The Customer acknowledges and agrees that such contract will be on the terms set out in a Confirmation sent to the Customer by BEA at a later date and such Confirmation is conclusive as to the terms of the contract between BEA and the Customer in respect of the relevant Linked Deposit.
- (c) Unless otherwise agreed between BEA and the Customer, the contract between BEA and the Customer in respect of a Linked Deposit is conditional upon acceptance by BEA of requests in respect of Linked Deposits with identical terms from other Customers within a reasonable period of time so that the aggregate of the Deposit Amounts in respect of such Linked Deposits is equal to or greater than the Minimum Aggregate Deposit Amount.
- (d) The Terms and all Confirmations form a single agreement between BEA and the Customer (the "Linked Deposit Agreement"). The terms and conditions of a particular Linked Deposit are set out in the Terms and the Confirmation relating to that Linked Deposit. Where there is an inconsistency between the Terms and a Confirmation, the Confirmation will prevail for the purposes of the relevant Linked Deposit.
- (e) Where there is an inconsistency between the provisions of the Terms and the terms of any account to which a Linked Deposit has been booked, the Terms will prevail for the purposes of that Linked Deposit.

11.2 Linked Deposits

- (a) For each Linked Deposit entered into between BEA and the Customer, the Customer shall maintain an amount at least equal to the Deposit Amount in an account with BEA from the Trade Date to the Settlement Date.
- (b) On the Settlement Date in respect of a Linked Deposit, the Customer shall pay to BEA the Deposit Amount relating to that Linked Deposit. Such payment shall be effected automatically by BEA by debiting the account of the Customer where the amount under Clause 11.2(a) above is maintained.
- (c) On the Maturity Date in respect of a Linked Deposit, the parties shall pay or deliver the cash, securities or other assets specified as payable

or deliverable in the Confirmation relating to that Linked Deposit. Other than expressly stated in the Confirmation in respect of a Linked Deposit, neither BEA nor the Customer is under any obligation to pay or deliver assets to the other in respect of that Linked Deposit.

- (d) Other than the Coupon Amount, no other amount representing interest is payable by BEA to the Customer in respect of a Linked Deposit. The Coupon Rate is a rate of interest used by BEA in its calculation of the Coupon Amount but is not the rate of interest payable on the relevant deposit.

11.3 Adjustments

- (a) BEA may (in good faith and in a commercially reasonable manner) make adjustments to the Delivery Amount or any other terms of any Linked Deposit upon the occurrence of one or more of the events listed in Clause 11.3(b) below or, provided that such adjustment is considered by BEA not to be materially prejudicial to the holders of similar Linked Deposits generally (without considering the circumstances of any individual customer or the tax or other consequences of such adjustment in respect of any individual customer), where an event or events occur which BEA believes, in its absolute discretion, makes such adjustment necessary or desirable. BEA will notify the Customer of any such adjustments as soon as it has determined them.
- (b) Without limitation to BEA's right under Clause 11.3(a) of the Bank Product and Service Conditions, BEA may make adjustments to the terms of any Linked Deposit in the circumstances listed in Clauses 11.3(b)(i) to 11.3(b)(iv) of the Bank Product and Service Conditions.  - ❖ It is announced that the Issuer will or may merge or consolidate with or into another company or sell or transfer all or substantially all of its assets.
 - ❖ The amount of the Underlying to be delivered to the Customer does not equal a trading board lot of the Underlying or a multiple of a trading board lot of the Underlying.

 - ❖ The Underlying is replaced by another currency as the lawful currency of the relevant jurisdiction.
 - (iii) In relation to an Index Linked Deposit, one of the following events occurs:

- ❖ There is a material change in the formula or method of calculation of the Underlying or any other material modification to the Underlying (other than modifications prescribed in the formula or method of calculation of the Underlying).
 - ❖ The compiler of the Underlying fails to calculate or publish it.
- (iv) In relation to an Asset Linked Deposit, such event(s) as may be specified in the relevant application form and/or principal brochure for the Asset Linked Deposit.

11.4 Closing Price and Price Source Disruption

- (a) BEA may refer to such external source of information as it believes to be appropriate in order to determine the Fixing Value, including:
- (i) In relation to an Equity Linked Deposit, an exchange on which the Underlying is listed or any futures or options contract relating to the Underlying is listed.
 - (ii) In relation to a Currency Linked Deposit, a screen page such as a Reuters screen or a Bloomberg page, reference dealers in the Underlying or an official government rate.

A+H shares	SZSE-listed A-shares (not included as constituent stocks of the relevant indices) which have corresponding H shares listed on SEHK
Excluding	SZSE-listed shares which are not traded in RMB or which are included in the “risk alert board” under the SZSE Listing Rules or under delisting arrangement.

At the initial stage of Shenzhen Connect, investors eligible to trade shares that are listed on the ChiNext Board of SZSE under SZSE Northbound Trading will be limited to institutional professional investors (as defined under the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission, i.e. persons falling under paragraphs (a) to (i) of the definition of “professional investors” in section 1 of Part 1 of Schedule 1 to the Securities and Futures Ordinance (Cap. 571, the Laws of Hong Kong).

The list of eligible stocks for Northbound Trading is available on HKEX’s website.

If a stock ceases to be an eligible stock for SSE Northbound Trading or SZSE Northbound Trading (as the case may be) but continues to be listed on SSE or SZSE (as the case may be), Hong Kong and overseas investors will only be allowed to sell the share but restricted from further buying the same.

Investment Quota

SSE Northbound Trading and SZSE Northbound Trading will be respectively subject to a separate set of daily quota (“**Daily Quota**”). There is no aggregate cross-boundary investment quota for Shanghai Connect and Shenzhen Connect.

Investors should note that the Daily Quota is calculated on a "net buy" basis. Under this principle, investors will always be allowed to sell their SSE securities and SZSE securities regardless of the quota balance.

Daily Quota for Northbound Trading

	Daily Quota for SSE Northbound Trading	Daily Quota for SZSE Northbound Trading
Purpose	It limits the maximum net buy value of SSE stocks each day.	It limits the maximum net buy value of SZSE stocks each day.
Quota	RMB 13 billion	RMB13 billion
Operation	<p>Daily Quota balance = Daily Quota – Buy orders + Sell trades + Adjustments</p> <p>SEHK will monitor the usage of the Daily Quota on a real time basis.</p> <p>Daily Quota will be refreshed and remain the same every day. Unused Daily Quota will not be carried over to next day's Daily Quota.</p> <p>Once the Daily Quota balance drops to zero or the Daily Quota is exceeded during the opening call session, new buy orders will be rejected. If the Daily Quota balance resumes to a positive level before the end of the opening call session, SEHK will again accept buy orders.</p> <p>Once the Daily Quota balance drops to zero or the Daily Quota is exceeded during a continuous auction session (i.e. continuous trading), no further buy orders will be accepted for the remainder of the day. The same arrangement will apply to the closing call auction of SZSE. Investors can still continue to sell SSE securities and SZSE securities.</p>	

The Northbound Quota information is available on HKEX's website at <http://www.hkex.com.hk>.

Settlement arrangement

Northbound trades will follow the settlement cycle of the A-share market, i.e. securities are settled on the trading day ("T day") while money is settled on T+1 day.

A-shares transactions through BEA will be reflected in customers' securities accounts maintained with BEA on T day.

Trading days

Initially, Hong Kong and overseas investors will only be allowed to trade on SSE and SZSE on days where the Hong Kong and Mainland markets are both open for trading, and banking services are available in both markets on the corresponding money settlement days. The following table illustrates the trading arrangement of Northbound Trading:

At present, Hong Kong and overseas investors are exempted from paying the Mainland capital gains tax and business tax when trading SSE securities via Shanghai Connect or when trading SZSE securities via Shenzhen Connect.

Investors are reminded that issuers listed on the SZSE ChiNext Market are required to publish certain corporate announcements on their corporate websites and the officially appointed websites only.

Investors can also visit HKEX website’s China Stock Markets Web for the company announcements of SSE securities and SZSE securities issued on the previous T day.

Language of corporate announcements

Order cancellation and rejection

Investors should note that:-

- (i) their order may be cancelled in case of contingency;
- (ii) their order cancellation request may not be processed in case of contingency and in such event they shall bear the settlement obligations; and
- (iii) their order may be rejected upon request of SSE, SZSE or SEHK.

Severe weather conditions

Initially, the trading arrangement under severe weather conditions for Northbound Trading will be as follows:-

Scenario	Northbound Trading
SSE or SZSE is suspended due to bad weather.	SSE Northbound Trading or SZSE Northbound Trading (as the case may be) would not open
T8 or above / Black rainstorm warning issued before HK market opens (i.e. 9:00 a.m.) and cancelled after 12:00 noon	Not open
T8 or above issued after HK market opens but before SSE market or SZSE market opens (i.e. 9:00 a.m. – 9:15 a.m.)	Not open
T8 or above issued after SSE market or SZSE market opens (i.e. 9:15 a.m.)	Trading will continue for 15 minutes after issuance of T8 or above, thereafter, only order cancellation is allowed till SSE market or SZSE market (as the case may be) closes.
Black rainstorm warning issued after HK market opens (i.e. 9:00 a.m.)	Trading continues as normal
T8 / Black rainstorm cancelled at or before 12:00 noon	Trading resumes after 2 hours
T8 / Black rainstorm cancelled after 12:00 noon	Not open

Pre-trade checking

According to Mainland regulations, before an investor sells any share, there should be sufficient shares in the account at the end of the previous day, otherwise SSE or SZSE (as the case may be) will reject the sell order concerned. Therefore, investors should ensure that they have sufficient shares in their accounts prior to placing sell orders.

Dynamic price checking

Dynamic price checking for buy orders would be in place to prevent mischievous behavior towards the use of the Northbound Trading quota. Buy orders with input prices lower than the current best bid (or last traded price in the absence of current best bid, or previous closing price in the absence of both current best bid and last traded price) beyond a prescribed percentage will be rejected by China Stock Connect System. The percentage has been set at 3% during the initial phase and it may be adjusted from time to time subject to market conditions.

Nominee services and corporate action

Hong Kong and overseas investors are holding SSE securities traded via Shanghai Connect and SZSE securities traded via Shenzhen Connect through their brokers or custodians while HKSCC, being the nominee holder of such SSE securities and SZSE securities, is providing the brokers and custodians nominee services such as collection and distribution of cash dividends, distribution of shareholders' meeting notices, consolidation and submission of voting instructions. Accordingly, Hong Kong and overseas investors are to exercise their shareholder rights in relation to the SSE securities and SZSE securities through HKSCC in accordance with the CCASS Rules and CCASS Operational Procedures. However, it should be noted that, under the CCASS Rules, HKSCC as nominee holder shall have no obligation to take any legal action or court proceeding to enforce any rights on behalf of the investors in respect of the SSE securities and SZSE securities in Mainland or elsewhere.

Where the articles of association of a listed company do not prohibit the appointment of proxy/multiple proxies by its shareholder, HKSCC will make arrangements to appoint investor(s) as its proxies or representatives to attend shareholders' meetings when instructed.

Foreign shareholding restrictions

Under the current regulatory regime in the Mainland, Hong Kong and overseas investors holding shares in a listed company are subject to the following

shareholding restrictions:

- (a) Single foreign investors' shareholding by any Hong Kong or overseas investor in a listed company must not exceed 10% of the listed company's total issued shares; and
- (b) Aggregate foreign investors' shareholding by all Hong Kong and overseas investors in the A-shares of a listed company must not exceed 30% of the listed company's total issued shares.

Should the aggregate foreign shareholding of an individual A-share exceeds the aggregate foreign shareholding limit, the investors concerned may be required to unwind their position on the excessive shareholding according to a last-in-first-out basis within a specific period in compliance with the applicable forced-sale procedures. SEHK and SSE and/or SZSE (as the case may be) will also issue warnings and/or not accept further buy orders for the related A-shares if the percentage of aggregate foreign shareholding is approaching the upper limit.

If an investor's shareholding in a listed company exceeds the single shareholding limit, the investor will be subject to forced-sale arrangement as well.

If a customer of BEA is subject to forced-sale arrangement but fails to sell the relevant shares within the stipulated timeframe, BEA shall take appropriate action on behalf of the customer to ensure compliance.

Disclosure obligation and compliance with the applicable laws in the Mainland

Under the current regulatory regime in the Mainland, when an investor holds or controls 5% or more of the issued shares of a listed issuer, the investor is required to disclose his interest within three working days in the Mainland. Such investor may not buy or sell the shares in the listed issuer within the three-day period.

For such investor, every time when there is an increase or decrease by 5% in his shareholding or the shareholding controlled by him, the investor is required to make a disclosure within three working days in the Mainland. From the day the disclosure obligation arises to two working days after the disclosure is made, the investor may not buy or sell the shares in the listed issuer.

If a change in shareholding of the investor or the shareholding controlled by him is less than 5% but results in the shares held or controlled by the investor falling below 5% of the issued shares in the listed issuer, the investor is required to disclose the information within three working days in the Mainland.

Besides, under Mainland Securities Law, where a director, supervisor or member of the senior management of a listed issuer, or any shareholder holding more than 5% of the issued shares of the listed issuer makes a profit on a sale or purchase of the issuer's shares within a prescribed period (currently 6 months of the acquisition or sale of the relevant shares), such person shall return the profit to the issuer.

Investors should further note that his identity may be forwarded to SEHK and on-forwarded to SSE and SZSE (as the case may be) for surveillance and investigation purpose. If the applicable rules of exchange are breached, or that the disclosure and other obligations referred to therein are breached, SSE and/or SZSE (as the case may be) has/have the power to carry out an investigation, and may, through SEHK, require the parties concerned to provide relevant information and materials to assist in the investigation. Further, each of SSE and SZSE may request SEHK to require BEA to issue warning statements to customers and not to extend Northbound Trading services to them.

Trade suspension mechanism for A-shares

SSE

According to the Rules of the Shanghai Stock Exchange on the Real-time Monitoring of Unusual Securities Transactions 《上海證券交易所證券異常交易實時監控細則》 as promulgated by the SSE, trading may be suspended temporarily during a trading day to suit market needs should there be unusual fluctuations during the trading of A-shares. Examples of unusual fluctuations include:

- (a) During the trading of a stock which is not subject to daily price limit, the price has risen or fallen by more than 10% over the opening price; or has risen or fallen by more than 20% in a single auction.
- (b) The turnover rate (trading volume ÷ actual floating volume on that day x 100%) of a stock which is not subject to daily price limit has exceeded 80%.
- (c) The turnover rate of a risk alert stock which is subject to daily price limit has exceeded 30%.
- (d) Where there are trading activities suspected of violating laws and rules and may affect the trading price substantially or mislead other investors significantly.
- (e) Other circumstances considered by either China Securities Regulatory Commission ("CSRC") or SSE to justify temporarily suspension of trading during a trading day.

SSE will make announcements of temporary suspension and resumption of trading through its Market Trading Reminder webpage (市場交易提示) and through its satellite communications system.

SZSE

According to the Implementing Measures of the Shenzhen Stock Exchange for the Shenzhen-Hong Kong Stock Connect 《深圳證券交易所深港通業務實施辦法》 as promulgated by the SZSE, should there be unusual trading circumstances which are determined by the SZSE and which prevent or may prevent certain or all SZSE securities from being traded normally via SZSE Northbound Trading, measures that SZSE may decide to take would include suspension of the trading of the relevant SZSE securities, suspension of the acceptance of all or part of the orders in respect of SZSE Northbound Trading or temporary closure of the SZSE, and SZSE shall make announcements accordingly.

Further, if the amount bought or sold via SZSE Northbound Trading within a short period of time exceeds a certain amount and this constitutes an unusual trading situation under the rules of the SZSE, SZSE may implement measures to handle the situation accordingly.

Circuit Breaker Mechanism

According to the Trading Rules of SSE and the Trading Rules of SZSE respectively, trading of A-shares on SSE and/or SZSE shall be suspended where the CSI 300 Index increases or decreases by a specified percentage compared to its close on the previous trading day.

Imposition of circuit breaker in SSE and/or SZSE would result in the suspension of the execution of trades through the SSE and/or SZSE market systems (as the case may be) for such period(s) as set out in the relevant provisions of the relevant Trading Rules. Further, the lifting of circuit breaker during a continuous auction session may result in trades being executed through call auction.

The implementation of such circuit breaker mechanism in the SSE and SZSE has been suspended. Investors are advised to visit SSE's website and SZSE's website for the latest information.

Rules and Regulations

This notice is prepared based on the prevailing information available to BEA. The information and materials contained herein are subject to further changes as implementation of Shanghai Connect and Shenzhen Connect and promulgation of the relevant rules, regulations, agreements and other documentation progress, and they may not be updated to reflect material developments which may occur after its distribution.

This notice does not purport to be comprehensive or to cover all aspects of Shanghai Connect and Shenzhen Connect. It is not designed to provide legal, financial, investment or any other form of advice and should not be relied on as

such. Investors are strongly encouraged to seek independent professional advice with regards to his specific circumstances prior to engaging in trades through Shanghai Connect and/or Shenzhen Connect.

BEA shall not be responsible or liable for any direct, consequential, incidental, indirect or special loss or damage, howsoever caused, of any kind, arising from the use of or reliance upon any information or materials provided in this notice, or for any errors, omissions or inaccurate information contained herein.

HKEX, SEHK, SEHK subsidiary, SSE, SSE subsidiary, SZSE and SZSE subsidiary and their respective directors, employees and agents shall not be responsible or held liable for any loss or damage directly or indirectly suffered by investors or any third parties arising from or in connection with Northbound Trading or China Stock Connect System.

Key Risks of investing through Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect

Risks of investor assets received or held outside Hong Kong

Investor assets received or held outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance (Cap. 571, the Laws of Hong Kong) and the rules made thereunder. Consequently, such investor assets may not enjoy the same protection as that conferred on investor assets received or held in Hong Kong.

Not protected by Investor Compensation Fund

Investors should note that any Northbound Trading under Shanghai Connect and Shenzhen Connect will not be covered by Hong Kong's Investor Compensation Fund.

Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong. Examples of default are insolvency, in bankruptcy or winding up, breach of trust, defalcation, fraud, or misfeasance.

As for Northbound Trading, according to the Securities and Futures Ordinance, the Investor Compensation Fund will only cover products traded in Hong Kong's recognised securities market (SEHK) and recognised futures market (Hong Kong

Futures Exchange Limited, “HKFE”). Since default matters in Northbound Trading via Shanghai Connect or Shenzhen Connect do not involve products listed or traded in SEHK or HKFE, so similar to the case of investors trading overseas securities, they will not be covered by the Investor Compensation Fund.

For further information on Hong Kong’s Investor Compensation Fund, investors should refer to the website of Investor Compensation Company Limited. For information on licensees and registered institutions under the Securities and Futures Commission (“SFC”), investors should consult the Public Register of Licensed Persons & Registered Institutions in the SFC website.

On the other hand, according to the Measures for the Administration of Securities Investor Protection Fund 《證券投資者保護基金管理辦法》, the functions of China Securities Investor Protection Fund (“CSIPF”, 中國投資者保護基金) include “indemnifying creditors as required by China’s relevant policies in case a securities company is subjected to compulsory regulatory measures including dissolution, closure, bankruptcy and administrative takeover by CSRC and custodian operation” or “other functions approved by the State Council”. As far as Hong Kong investors participating in Northbound Trading are concerned, since they are carrying out Northbound Trading through securities brokers in Hong Kong and these brokers are not Mainland brokers, therefore they are not protected by CSIPF on the Mainland.

Quotas used up

Once the Daily Quota is used up, acceptance of the corresponding buy orders will also be immediately suspended and no further buy orders will be accepted for the remainder of the day. Buy orders which have been accepted will not be affected by the using up of the Daily Quota, while sell orders will be continued to be accepted. Buying services will be resumed on the following trading day.

Trading day

As mentioned above, Shanghai Connect and Shenzhen Connect will only operate on days when the Hong Kong and Mainland markets are both open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland market but Hong Kong investors cannot carry out any A-share trading. Investors should take note of the days Shanghai Connect and Shenzhen Connect are open for business and decide according to their own risk tolerance capability whether or not to take on the risk of price fluctuations in A-shares during the time when Shanghai Connect and Shenzhen Connect are not trading.

Restrictions on selling imposed by front-end monitoring

For investors who usually keep their A-shares outside of their brokers, if they want to sell certain A-shares they hold, they must transfer those A-shares to the respective accounts of their brokers by the end of the day immediately preceding the target trading day. If they fail to meet this deadline, they will not be able to sell those A-shares on the target trading day.

The recalling of eligible stocks

When a stock is recalled from the scope of eligible stocks for trading via Shanghai Connect or Shenzhen Connect for above-mentioned reasons, the stock can only be sold but restricted from being bought. This may affect the investment portfolio or strategies of investors. Investors should therefore pay close attention to the list of eligible stocks as provided and renewed from time to time by SSE, SZSE and SEHK.

Currency risks

Hong Kong and overseas investors who hold a local currency other than RMB will be exposed to currency risk if they invest in a RMB product due to the need for the conversion of the local currency into RMB. During the conversion, investors will also incur currency conversion costs. Even if the price of the RMB asset remains the same when investors purchase it and when investors redeem / sell it, they will still incur a loss when they convert the redemption / sale proceeds into local currency if RMB has depreciated.

Changes in the exchange rate of RMB will affect the profits and debts, etc of businesses. Such effects will be more significant to companies engaging in exports and having debts denominated in RMB.

Investors should also note that RMB is currently not freely convertible and conversion of RMB through banks in Hong Kong is subject to certain restrictions. There are also restrictions on the remittance of RMB into and out of the PRC. The liquidity and trading price of SSE securities and SZSE securities may be adversely affected by the limited availability of RMB outside the PRC and restrictions on the conversion of RMB.

Mainland market risks

Liquidity risk - The A-share market is dominated by retail investors. As the market is not fully open to all investors, it is sensitive to the changes in policies and liquidity in Mainland. Risks may also arise from potential changes in liquidity and policies with the Shanghai Interbank Offered Rate (SHIBOR), sovereign bond yields and the open market operations of the People's Bank of China.

Macro-economic risk - The economic slowdown of Mainland in recent years has raised the concern about its growth outlook, and the potential circumstance is sometimes described as "hard landing".

Market volatility risk - As an emerging market, Mainland has a higher market volatility compared to other developed markets.

Risks of investing in companies listed on the SZSE ChiNext Board

Investors should take note of the following major risks involved in investing in companies listed on the ChiNext Board of the SZSE, which are in addition to the abovementioned risks involved in investing in companies listed on the Main Board:

Potential risks arising from difference in rules - There are substantial differences in terms of system and rules between the ChiNext Board and the Main Board, including but not limited to:

- 1) Difference in the conditions for the initial public offering and listing on the ChiNext Board and that for the initial public offering and listing on the Main Board; and
- 2) Difference in the rules of information disclosure of the ChiNext Board from that of the Main Board (for instance, ChiNext market ad hoc reports are required to be disclosed on the website designated by the CSRC and the company's website only. If investors only use the channels for Main Board market information enquiries, they may not be informed of the disclosed information of companies listed on the ChiNext Board in time).

Risk of Delisting - Compared to the Main Board, it may be more common for companies listed on the ChiNext Board to delist, and the delisting process for companies listed on the ChiNext Board may be faster. After delisting, the stock of the company may no longer be traded and thus investors who bought that stock may lose the entire principal.

Risks involved in operation of the companies - Compared to companies listed on the Main Board, companies listed on the ChiNext Board are usually in their preliminary stage of development with a shorter history of operation and a smaller scale, and their

resistance to market risks and industry risks may be lower. In addition, while companies on the ChiNext Board may have great growth potential, there is uncertainty as to the advancement and reliability of new technologies, the applicability and maturity of new models, the market volume and growth potential for new industry, etc. Investors' expectations for high growth in companies listed on the ChiNext Board may not be realised, and the risks involved in the ChiNext Board are higher than that in the Main Board.

Risk of higher fluctuation in stock prices - The following factors may lead to higher fluctuation in the stock prices of companies listed on ChiNext Board:

- 1) Due to the abovementioned risks involved in operation of the companies, the companies are subject to higher fluctuation in stock prices as the performance of the companies changes;
- 2) The companies have fewer shares circulating in the market, so stock prices may have higher fluctuation upon market speculation and may be more susceptible to manipulation; and
- 3) Performance of the companies may not be stable and conventional valuation methods may not be applicable, so different investors' valuations of the companies may be vastly different.

Risk of technological failure - There are uncertainties as to whether the technologies developed or owned by the companies listed on the ChiNext Board may be converted into real products or services. The relevant products and technologies may be updated or eliminated rapidly. There is a risk of loss caused by technological failure.
