

Enhanced security for overseas ATM transactions

All credit cardholders (including supplementary cardholders) must activate the overseas ATM transaction function before using overseas ATMs* for cash withdrawals (including cash advances) and transfers.

Activation, deactivation, and change of activation settings can be performed via the following channels:

- JETCO network ATMs in Hong Kong, Macau, and Mainland China
- BEA Online and BEA Mobile
- BEA Credit Card Customer Services Hotline

Activation procedure via JETCO network ATMs

1 Choose "CHANGE CARD SETTING" on the main screen

2 Choose "OVERSEAS TRANSACTION SETTING"
